Ed. Grove Village Boy Scout, John Barba, 541 Elwood St., demonstrated by tying to Scout-O-Rama visitors interested in fishing. Games and prizes provided at 300 booths located at Arlington Park also attracted crowds of youngsters and adults who attended the scout show.

Yesterday's Scouts, 44 Kendall, Ed. Grove Village, proved that rope bridge climbing is not strictly confined to Boy Scouts. She successfully walked the short span on display at the Northwest Suburban Scout-O-Rama. Proceeds of the two-day event held indoors at Arlington Park benefited participating scout units and other troops and packs belonging to the council.

## Parents, Children Jam Scout-O-Rama

Scores of mothers, fathers and children jammed the indoor exhibit area of Arlington Park Saturday and Sunday for the Northwest Suburban Council's Scout-O-Rama.

Visitors saw all the equipment of scouting, including some of the heavier, practical items, such as rope bridges, towboats and fishing kits, which the boys make while learning skills to acquire merit badges.

At least 13,000 scouts and volunteer leaders participated in the two-day show which featured 350 game and prize booths as part of the entertainment.

The new 20-cent toll rate will apply to all "class I" vehicles, including automobiles, taxis, station wagons, motorcycles, ambulances, small trucks and all other vehicles with two axles and four tires.

## Gripe Of The Day

Why do they make new envelopes on small that you can't put the return back in it?

## New Trustees Told What's Happening

By Jim Burns

New Village Board members were given a briefing Saturday morning to inform them of what the district's summer program will be.

### Summer Program Topic For Youth Commission

Final plans for the summer youth program will be discussed by the Youth Commission tonight, and commission members Bonnie Weisick and Jim Burns will begin organization programs Tuesday.

Called Youth Organized and United (YOU), it will turn the establishment of summer activities over to high school students to let them formulate their own program, Weisick said.

### Soldier Accused Of Rape

Arlington Heights police charged a New York native stationed in the Army Nike base here with rape early Saturday on a complaint from the Military Police on the base.

Sgt. Albert Clarke, 30, was arrested for allegedly raping a Chicago girl who reportedly came to the base with some friends for a date Friday night.

The girl reported the rape to a military officer, who ordered Clarke taken into custody. He was later released to Arlington Heights police after a formal complaint had been filed.

### Stereo Stolen

A stereo tape player valued at \$100 was stolen from the car of Charles Weber, 4724 Arbor Dr., Rolling Meadows, while it was parked at the Northwest Shopping Center Friday.

ferent village boards, commissions and committees do, have done so far and future in the future.

Each board, commission or committee was represented by a member of the village board. The village board members were given a briefing Saturday morning to inform them of what the district's summer program will be.

Called Youth Organized and United (YOU), it will turn the establishment of summer activities over to high school students to let them formulate their own program, Weisick said.

## Tollway Rate To Decrease Before June

By Loui Adam  
The Willow Rd. interchange at the Tri-State Tollway will have a 35¢ per cent rate by June 1, according to a resolution adopted Friday by the Illinois State Toll Highway Commission.

Commissioners approved the reduction in rates to 20 cents on the previous 30 cents on the recommendation of Chairman Donald R. Bonnell.

Bonnell said that all necessary legal requirements are expected to be met and equipment changes made in time to put the lower rate, which were approved earlier this year, into effect around June 1.

The new 20-cent toll rate will apply to all "class I" vehicles, including automobiles, taxis, station wagons, motorcycles, ambulances, small trucks and all other vehicles with two axles and four tires.

"For class 2" vehicles, including medium-sized trucks, buses and other vehicles with two axles and six tires, the rate will be 25 cents.

The present toll rate at Willow Rd. around access at the Tri-State Tollway to the Wheeling-Palmer-Arlington Heights and Mount Prospect areas to the west and to the Glenview-Northfield-Northbrook areas to the east.

The present toll rate at Willow Rd. were established in late 1963 to cover the cost of constructing the entrance and exit ramps earlier that year.

Bonnell projected the rate reduction at Willow Rd. Feb. 27 when he also announced plans for a "substantial expansion" of entrance and exit facilities at that point.

He said that rapidly-increasing use of Willow Rd., which he called the fastest-growing facility on the entire tollway.

Specifications for the balance of the road call for four lanes of 10-inch thick concrete, with variable width barrier-type median, and 10-inch thick concrete on the side of the roadway.

The new road will include left and right turn bays at the intersection of Higgins and MacArthur, to permit freer flow of traffic. There will also be reconstruction of traffic control signal installations at the point.

Also to be constructed is a complete drainage system of culverts, ditches, storm sewers, and other miscellaneous work.

Construction was scheduled to begin today on a \$1.4 million project on Higgins Rd. from MacArthur Rd. to the Northwest Tollway, about 5 miles west.

An announcement from the office of George March, District 10 chief engineer, Illinois Division of Highways gave details of the project, all in Schaumburg area.

A SHORT section of the highway, near the west end of Higgins, will be closed each way to handle the heavy traffic to and from Interstate 90.

Specifications for the balance of the road call for four lanes of 10-inch thick concrete, with variable width barrier-type median, and 10-inch thick concrete on the side of the roadway.

# District 59 Teachers Demand More Money, Smaller Classes

By Jim Buse

"Proposals for sub-standard wages" and "unreasonable class size" were reasons given Sunday by School District 59's Salary Committee Chairman Marlan R. Michaels for an impasse in negotiation with the teachers.

Michels called tonight's 7:30 meeting between salary committee representatives and board members "an impasse meeting."

In a strongly-worded news

release, he announced a meeting of all District 59 teachers with the negotiating team and their attorney to discuss the board's position. This meeting will take place Wednesday, April 30, at 3:45 p.m. in Dempster Junior High School.

"THE BOARD of Education and the Teachers Council of District 59 have reached agreement upon several issues during recent negotiation meetings," Michels said.

"However, the two most important areas have not been agreed upon."

"The board has refused to discuss class size, an issue of vital concern to the teachers of District 59."

"The other major area of impasse is the wage schedule. To accept the board's proposed schedule would be a step backwards for the teachers and the district."

"UNDER THIS proposed

schedule, teachers could not afford to live and raise families in District 59. Nor could they afford to further their own education."

"In addition," Michels said, "District 59 would be in a position of having to delegate the responsibility of educating its children to the lowest paid and the poorest quality teachers in the area."

"Education is so important to our society and to the

future of our nation," Michels said. "And yet, proposals for sub-standard wages and unreasonable class size with low specialists' salaries tend to drive teachers out of the profession into more lucrative fields where opportunities for advancement are available."

MICHAELS, WHO takes over May 9 as president of the Teachers Council, heads the salary committee which has been working on negotiations.

Other members are Mrs. Ann Brinkman and Mrs. Hinchman.

The rest of the teacher negotiating group are: Roy Landinbaum, Sid Miller, Dick Pendey, Rose Gunn, Fran Campion, Dick Piageri, Bob Keller and Mark Day.

Until now, Dr. Donald Thomas, District 59 superintendent, and attorney Frank Hanes have been handling salary talks with the teacher representatives.

TONIGHT, NEW budget committee head Richard Hea taken over. Also on his committee are Harold C. Harvey, 200 Marshall Dr., Des Plaines, and Albert Dominico, of Elk Grove Village. All three are board members.

"I don't feel that our class size is unreasonable," said Hea, when asked to comment on the Teachers Council news release.

"I think it's up to the board."

Man Found Unconscious Mount Prospect patrolman Warren Fischer found Joe Garcia, 19, 801 Golf Rd., Arlington Heights, lying unconscious by the side of Golf Rd. near Buse last Friday.

Garcia was taken to Northwest Community Hospital by Mount Prospect firemen and doctors there reportedly said the youth had had too much to drink.

Funeral arrangements were made by the Hane Funeral Home, Northwest Hwy. and Van, Arlington Heights.

Extinguishers Emptied Vandenberg emptied all but one of the fire extinguishers at a Westbrook School, Mount Prospect, last Friday.

## Park Board Vote on Tax Warrants Postponed

The Prospect Heights Park board discussed the possibility of issuing tax certificates warrants last night, but deferred action on the subject on the advice of Board Atty. John Han, until a closer estimate of the amount needed can be determined.

Han said that because real estate tax bills will be late this year, first payments are not due until July 1. He explained that the park board would not receive its share of the tax levy until at least July 15 and this would make necessary obtaining other funds to pay bills.

Han said that the need probably would not be for more than \$3,000. He said that he

had contacted a local bank that would grant a loan on warrants not to exceed 5% per cent cost to the park district.

There was extensive discussion of the tax certificates program, tentatively planned by Recreation Director Ronald Greenberg. Board President William K. White appointed Lew Withnott to work further on the program with Greenberg to develop a budget based on \$1 an hour for fee and 50 cents an hour for its structure in fees.

THE TENTATIVE plan included recreation for 5- and 6-year-olds, activities for children from second through sixth grade, archery instruction, swimming, ice skating and a series of tri-

had resulted in another construction.

Han said that the owner of the site, L.R.H. Corp. had asked for the contract last November because the publisher's attorney was unable to attend.

Remains of the area, including the park district, oppose the move because they want the site developed for recreation, rather than a real estate development as anticipated.

Greenberg said that 11 applicants had been interviewed for winning pool guard jobs and more would be interviewed. The final determination of an assistant pool manager was also anticipated.

The board has accepted the application of Jay Magnum for pool manager.

### Tools Stolen

Joseph Scatizzi of Chicago, a plumber for the Livin Co., told Arlington Heights police yesterday that his trailer at a construction site at 1300 W. Dundee Rd. had been broken into and much of equipment had been removed.

He said that a hearing held yesterday before the Cook County Board of Appeals, on a request for a landfill permit for a 1.6 acre plot on the south side of Willow Rd. east of Maple Ave.

### R SUGAR MAY NOT SHOW IN THE URINE

It is the commonplace of sugar in the blood, not in the urine, that sometimes diabetes. When the sugar level is high enough, it is not all, urine ever has the sugar level rise to urine and even. It can detect many, but not everybody who has diabetes. Many older persons have elevated blood sugar with no urine sugar. This new procedure checks your blood sugar. If you have a family history with diabetes, better see him.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. We welcome requests for delivery orders and charges necessary.

AESOP SAYS:

## The Hunter and His Spaniel

A Hunter ranged the fields with his gun and an experienced old Spaniel. Suddenly he happened to spring a snipe and, almost at the same instant, a covey of partridges.

Surprised and undecided as to which of the game to shoot at, he let fly too inaccurately and by this means missed them both.

"Ah! my good Master," said the Spaniel, "you should never have two aims at once. Had you not been dazzled and seduced by the luxurious hope of partridge, you would most probably have secured your snipe."

Aesop knew 2,500 years ago that the only way to achieve a goal is to concentrate on it. The simple wisdom of his stories explains why we are cheated today by every nation on earth. If you really want to **SAVE**, concentrate on it. See how fast your reach your goal with our liberal dividends.

# Mrs. John Kating leads Southminster Ladies In Active Participation

By Frances Almon

Since last summer's disorders in Chicago, many suburbanites have taken a long look at possible solutions and serious plans for renewal. But only a handful have taken immediate action.

Prominently taking part in what is considered a "non-union" concept are members of Arlington Heights Southminster Presbyterian Church.

Through a program sponsored by the presbytery they have selected Christopher House as one of their principal areas of endeavor. But their contribution is not merely monetary. Rather it is as participating members of the Christopher House community, as area whose ministry is Fullerton Street.

TO MOST suburban residents this is an unfamiliar part of Chicago, its streets lined with old frame houses dating back to before the Chicago Fire. It is a minority composed of second and third generation Polish, German and Italian Americans with a growing Spanish and Negro population. Income bracket begins at absolute poverty and climbs upward through the lower class to middle and upper middle class.

Forty-two Presbyterian churches in the Chicago area support this settlement house which was started in 1907, but none have responded with volunteers to the extent of Southminster.

Local enthusiasm has been generated to a great degree by one woman, Mrs. John Kating, who recently was elected president of the Christopher House Auxiliary.

Three years of service at the auxiliary has given Judy Kating an inspired outlook, one that has been of great aid to the many other women within her own church.

BACKING her are about 25 other area ladies with Mrs. Guy Davis as president, Mrs. Mary Ann Plante as secretary, Mrs. Mary Ann Plante as treasurer.

"Until Judy became active at Christopher House no one

in Arlington was particularly concerned," relates Mrs. Lloyd Byerford. Now both Mrs. Byerford and her husband serve on the Christopher House board and have found this service to be one of their most rewarding experiences.

One of their major self-help projects is the forthcoming Christmas Tree Fair, to be held in the afternoon and evening of Friday, May 9, and Saturday, May 10.

MRS. BYERFORD, as co-ordinator of the fair, which this year is taking on an international theme, has been working for several months organizing area churches and other volunteers in the various fair booths.

Chairmen coordinating activities at Southminster are Mrs. Byron Holden and Mrs. George Gandy. Other area women involved are Mrs. Roger Steele, Mrs. D. W. Dole and Mrs. H. S. Vanchick, Mount Prospect.

BUT FAIRS and the so-called "fronting activities" have been the only way Southminster volunteers have aided the House this year.

Another outstanding volunteer has been Mrs. Charles A. Lee, whose vigorous efforts as Thrift Shop chairman has doubtless inspired many to clean out their closets and basements.

Her duties entail coordinating clothing drives among Chicago area churches, scheduling women to work in the shop, setting policy and ironing out problems as they arise.

As though this were not enough the conatined this year to be in charge of the fair's smorgasbord which will be served to over 400 people.

IN KEEPING with Southminster's efforts to improve the lives of the poor, its congregation in this project, has been going back down on Saturdays to work in the Thrift Shop located on Fullerton Street.

THE REV. ROGER STEELE, Southminster's assistant minister, has been active since 1967 with the Christopher House program.

"To us who live in the suburbs, it is a very different kind of scene very close by," admits. But he believes that the three ingredients necessary to success there must be self-direction, self-discipline and self-help.

One of their major self-help projects is the forthcoming Christmas Tree Fair, to be held in the afternoon and evening of Friday, May 9, and Saturday, May 10.

MRS. BYERFORD, as co-ordinator of the fair, which this year is taking on an international theme, has been working for several months organizing area churches and other volunteers in the various fair booths.

THE REV. ROGER STEELE, Southminster's assistant minister, has been active since 1967 with the Christopher House program.

There, they have clerical, and they have been given the opportunity to be successful. They have been given the opportunity to be successful. They have been given the opportunity to be successful.

It helps to put him in your camera and grab a notebook and pen. Don't let the excitement scare you, and it doesn't make any difference that the thick black smoke makes you unafraid like a fire it's still new!

It helps if you can convince the staff artist he should be your assistant, he can make notes while you try to focus the camera.

JUST AS we approached the fire and I focused the camera, the wind changed and smoke and WATER came whipping right at us. Instinct led us around to the other side of the building where the action was.

Two trucks of firemen mowed their hoses as police re-directed traffic, and now we came to the advantage of being a society editor at a fire.

After the fire, Chief stepped laughing at my new assignment, he became very sympathetic and explained the whole procedure to me and why they were doing, how they were using it and what they were using it for.

WHEN The firemen were getting ready to change hoses or move them in defense to the building attic, they were all perfect gentlemen and will efficiently put out the flames quickly. And I didn't get wet.

As the firemen cleaned up, we made our way over to the workers involved with the burning for katie who were sitting on the side watching the action. Patricia and I explained to the woman on the scene how fire like this happens all the time. They have to be on constant alert for danger signals so they were sitting like a freshly-rested road.

The photographer who developed my film critically noted that most of my photos were shaky and all were taken at infinity.

Well, really! Whoever heard of a real fire without smoke and what woman with any sense would get closer to an explosion than infinity?

## How to Cover a Fire

BY MARILYN HELPERS

If you're assigned to cover Society News and a fire breaks out next door, you cover the fire!

It makes no difference if you're freshly coffee'd or whether you're dressed for a luncheon—news is news!

It helps to put him in your camera and grab a notebook and pen. Don't let the excitement scare you, and it doesn't make any difference that the thick black smoke makes you unafraid like a fire it's still new!

It helps if you can convince the staff artist he should be your assistant, he can make notes while you try to focus the camera.

Well, really! Whoever heard of a real fire without smoke and what woman with any sense would get closer to an explosion than infinity?

As the firemen cleaned up, we made our way over to the workers involved with the burning for katie who were sitting on the side watching the action. Patricia and I explained to the woman on the scene how fire like this happens all the time. They have to be on constant alert for danger signals so they were sitting like a freshly-rested road.

The photographer who developed my film critically noted that most of my photos were shaky and all were taken at infinity.

## Kappa Kappa

Kappa Kappa, the Des Plaines Park Ridge Chapter of Beta Sigma Phi, will join with three other area chapters to celebrate the 36th anniversary of the organization's founding at a banquet 7:30 p.m., April 30 at the Walter D. Restaurant, Elk Grove.

Thirty-eight years ago the first chapter of the sorority was formed in Abilene, Kan. Today there are 9,100 chapters and 200,000 members in the United States, Canada and 15 foreign countries.

During the banquet, traditional ceremonies will be observed and the history of the local chapters reviewed. Each chapter will also honor their "Girl of the Year" and officers will be installed. A special card will be read from Walter W. Ross, the sorority's founder.

# Wheeling Students Get the Dope on Drugs

By Linda Fowler

"Mystery loves cocaine," says Peter Savarens' starred on heroin. "My friend, who started me, was already addicted, but he didn't tell me," he added.

Savarens, an ex-drug addict, and Harry Yager, of the National Council for Prevention of Drug Abuse, gave seminars at Wheeling High School Monday and Tuesday, April 14 and 15.

An all school assembly was held Monday morning when Yager explained some of the effects of drugs and Savarens told students about his 17 years as a heroin drug addict. A movie was also shown which showed that a person doesn't have to be some kind of a "hippie" to be connected with drugs.

Savarens said that he doesn't like to watch the

movie shown because it "about tells the story of my life."

THE SEMINARS held last week gave Yager a huge crowd of students, teachers, and parents, as well as a large number of students who are physically and psychologically addicted to drugs. Another function of the seminars was to give every student a chance to give Savarens on his life as a drug addict.

Savarens started using marijuana when he was 16 years old and turned to heroin when he was 19.

Savarens went through withdrawals from heroin 13 times on his own before he was in the middle of the way I was living. I had hurt so many people I loved and I wanted a change," was Savarens' reply when asked

why he finally decided to stop shooting heroin.

very big feeling of tranquility on heroin. "You're not connected with your surroundings. All I thought about was how I was going to obtain money to support my habit," Savarens said.

"Curiosity, boredom," and most important, acceptance in a group, are the general reasons teenagers get into drugs, "said Yager.

Savarens added that ignorance is another reason teenagers turn to drugs. Another reason for teenagers turning to drugs is a lack of communication with their parents.

"MARIJUANA was definitely not to be ignored," claims Savarens. "Ten per cent of all habitual users of marijuana will go on to hard narcotics."

We feel prevention through education is the only answer to the drug problem. If you stop the demand you will stop the supply," added Yager. "We're also trying to get parents involved."

While Savarens is working with the National Council for Prevention of Drug Abuse speaking to students, he is also holding a night job in Dan Passau. Savarens is planning to be married in August.

"MY FEELING is that of all the problems facing youth today, the problem of drugs is the most dangerous," commented Tom Dierker, a senior at Wheeling High School.

"I feel that it would be very easy to point out that we do have a drug problem at WHS, but the best lines of defense are parent understanding. Parents should be able to be greater than peer pressure," commented Shirley.

Savarens and Yager were able to point out that we do have a drug problem at WHS, but the best lines of defense are parent understanding. Parents should be able to be greater than peer pressure," commented Shirley.

There is a small number of students who do take drugs but to most of us one student is in-

volved that fact is significant," he added.

WHEN ASKED what he suggested students do if they know of someone using drugs, Shirley replied, "I hope all people would have concern for human life and seek someone out to tell them. This would not be treating them but it would be helping a person."

"About three per cent of students are hooked on drugs," said Ted Honeyer, police liaison officer at Wheeling High School.

"Students who use drugs think they are doing what is right. They don't realize that drugs are highly dangerous," Honeyer added.

When asked if he thought the drug program WHS has had been effective, Honeyer said that, "It is too early to tell but that it probably mostly effected kids who haven't experienced with drugs."

If the drug problem is going to be solved it will have to be with the help of the parents, faculty, and students of Wheeling High School.

John Blum

## Letters to the Editor

### Urges Schlickman For Seckman

Editor:

This week I have written Gov. Richard B. Ogilvie, Republican Commissioner of the 13th District and GOP political leaders in the area trying to support Rep. Eugene F. Schlickman for U.S. Representative when he comes time to elect a successor to Cong. Donald Rumsfeld. My letter to them follows:

Congressman Donald Rumsfeld's acceptance as Director of the Office of Economic Opportunity is a plant story forward in solving the anti-poverty problem of our times, but now the 13th Congressional District has its own problem of replacing the

### Getting Acquainted With Books

## Talk with a Teacher

By Esther F. Culson

I have a question to ask today, a simple question which might be a good way to start this column which I have called "Getting Acquainted With Books." The question is: What is a book?

The dictionary tells us: "A book is written or printed material in a hard cover which contains text or illustrations, usually between two hard covers." It is hard to say, before printing press were invented, there were no books and poets and story tellers went from place to place reciting their poems and telling their tales. What is a book?

Little children are given linen books, which they cannot read or draw on. They are colored books of pictures and the first one is a W O R L D. No one can say Representative Eugene Schlickman is a book, but he is a man who has been selected to represent the people of the 13th District, but first thing first, he is Eugene Schlickman's book for the 13th District. Charles Mikolaj

ONE CHILD will wear out a book with a friendly dog on the cover. He has a dog. He has learned the letter of What is a Book. That book told him about his favorite pet. He learned that a dog barked and growled and ran, right there in his nursery. Becoming acquainted with books comes to the power which books have. A book has the power to tell the story of Abraham Lincoln at Gettysburg, and the

YOUR favorite corners and places and people; your favorite adventures of the past; knights of old; how pioneers lived; how soldiers fought battles. All of these things and a thousand other bits of information in one text book alone.

What is a book? Where do I find it? Where do I find this information. A book is where we go when we have

inspiring speeches of great orators and patriotic and public figures.

Through the means of books, we leave the present time and travel to the past. We learn the history of a fighting western prairie fire; eight enemies in the air, joins a fairy ring in moonlight; live in forests, enjoy the beauty of a poem or poem. Books are wonderful.

WHAT is a book? Printed material in a hard cover which contains text or illustrations, usually between two hard covers. It is hard to say, before printing press were invented, there were no books and poets and story tellers went from place to place reciting their poems and telling their tales. What is a book?

It is a good feeling to know that one need never be lonely as long as there are books. Of course, there are radio, and, of course, there are television.

What is a book? The stories which we have read in books, related on the screen, depicted, told. But, when we turn off the sound, that is the end. However, the book is over there in the bookcase, and waits in pages that story or adventure will be to read over and over again. Your favorite book.

All of history from the beginning of time lies within the pages of books.

When you go into a bookstore, or a library, you wander from wall to wall, reading the titles, recognizing their "friends." Handle them carefully. Remember that Webster in his dictionary could not really answer the question: What is a Book?

ALL THAT has been written and read throughout the ages, is found in books. Experiences and dreams and achievements of people, the lives of ancient and modern plants, legends and poems and stories, are within the covers of books.

What is a book? The answer is quite simple. A book is a source from which you can get ideas alive when you open it. You find there what you need to know, that which you wish to know, that which you learn about, and that which is presented by the L.W.V. and beyond.

Among this year's selection is a study of government in the United States, which will include various types of government found in the world today. The study includes the manner in which each government is chosen before election.

Please do better to be acquainted with books, and to read them. The results will be most rewarding.

"We're cutting our defense budget, too—from now on there'll be only ONE word for every TWO men!"

## The Arlington Day

"Honor the original dream by always joyously keeping the paper's freedom and intellectual integrity."

### Day by Day

### And Mount Prospect, Too!

By Catherine O'Donnell

The League of Women Voters of Arlington Heights will change its name to the League of Women Voters of Arlington Heights and Mount Prospect at their annual meeting, to be held on Thursday, May 1 at the Orchard Country Club. It will follow a dinner and cocktail hour, scheduled to begin at 6:30 p.m.

The nominating committee of the active women's group will present the slate of new officers to the members. The first includes the names of Mrs. Helen K. Webster, president; Mrs. William M. Webster, first vice president; Mrs. Russell Gardner of Arlington Heights, second vice president; Mrs. Robert Collins of Arlington Heights, secretary; and Mrs. Roger D. Webster of Arlington Heights, treasurer.

The new slate of officers will be the election of the local program to be studied during the coming year by the League. The program is presented by the L.W.V. and beyond.

Among this year's selection is a study of government in the United States, which will include various types of government found in the world today. The study includes the manner in which each government is chosen before election.

tion to the pros and cons of district versus state-at-large representation.

The outgoing president of the League of Women Voters is Mrs. William Trevor of Rolling Meadows.

FATHERS DAY

In case there is any of you who were wondering just what would be a different present to get old Dad for Father's Day, find a copy of a recent issue of the Chicago Tribune. It has a picture of a young man, a young woman, and a young child, all smiling. The man is wearing a suit and tie, the woman is wearing a dress, and the child is wearing a hat and a coat. They are all standing together, smiling at the camera.

ST. JAMES CROWNING

The High School of St. James will have an annual May Crowning on Friday morning following the 9 a.m. Mass in the new parish center. There will be seven girls representing seven different countries in the life of the Blessed Virgin.

STILL NO MEETING

When Commander Lloyd Bucher of the Pueblo was in the ceremony at St. James, he was wearing a suit and tie, and a white shirt. He was standing next to a woman who was wearing a dress and a hat. They were both smiling at the camera.

Rev. Lindstrom was national chairman of the Remember the Pueblo Committee. The two men still have not met.

YOU DON'T COME BACK

Helen Rakoff of E. Walnut went out to take the kids who were running through her rubbers. The rubbers were in front of the house, and the kids were waiting for the annual pick-up.

YOU kids can take anything you want, but remember, if you take anything, you must bring it back.

The explained later to one of the mothers who questioned her. Last year's kids were happy to see that her pile of rubbers was still there, and she and truck came along and the occupants selected what they wanted.

# Program Brings Class to Homebound Pupils

By Lori Adams

Bartholomew, football and bicycle riding would probably be some of the most misadventures of an 11-year-old boy who has been homebound since his parents, fearing he might be concerned with lost school days.

"When my son Jeff was in the hospital after the car accident and I found that he'd be laid up for some time, I began to worry about all the school work he was missing," said Mrs. Hoch, 231 S. Chestnut, Arlington Heights.

"I thought of having his school work sent home every day, but that would still mean he would be without a teacher and then a nurse at the hospital informed me of the Homebound program," said Mrs. Hoch.

The Homebound program has been in existence in District 25 for about 10 years. It enables children who are either hospitalized or homebound to attend classes and to interact classes and to interact with their own home.

"The teachers are hired by the district to instruct homebound pupils and are paid by the state government," Mrs. Hoch said.

Mrs. Peg Harris, Jeff's teacher, has been a Homebound instructor since the program began and is one of five teachers in District 25.

"We spend an hour every day with each pupil and work from the text books that he would be using in the classroom to enable him to keep up with the classroom work and still be able to complete the grade he is in," Mrs. Harris said.

Mrs. Harris said the purpose of the program is to help the child keep up with his class work so that when he returns to school he won't be behind his classmates and, if he wants, he will still complete the year as home.

"Although the child misses out on social activity, science instruction and after-school discussion in the classroom,

they get more individualized instruction through the Homebound program," said Mrs. Harris. "We try to make the best out of a bad situation in the classroom we bring it to them."

Mrs. Hoch said the program has been a great help to Jeff.

"I think Mrs. Harris has been doing a good job with Jeff. He is being taught the

same things that his classmates are. He enjoys homework just as if he were in class. She also praised Jeff, said Mrs. Hoch.

Jeff has been on the Homebound program since January and was ready to return to school after Easter. But two days before he was to return he fell off his bicycle and broke his leg again.

"He was really anxious to

go back to school with his leg in a cast again it was impossible. So Mrs. Harris contacted me to reach him until June," said Mrs. Hoch.

A child-care in the Homebound program for as long as necessary and the only requirement is that after one year they have to reapply through the district. They also must have a note from a doctor that they will be homebound for at least four weeks.

Jeff Hoch, second grader at Park Elementary School, probably could find a way to keep from getting hurt at home, but Mrs. Peg Harris, brings the classroom.

## Author to Speak at Library

Mount Prospect author Richard M. Benschel, author of "Communist China Power," will speak tonight at 8 p.m. in the Denison rooms of the Arlington Heights Memorial Library.

Benschel is appearing under the auspices of the Friends of the Library, in its series

concerning local authors.

A MODEL airplane builder in his youth, Benschel has been a long-time aviation buff. He did most of the actual writing of the book in his home at Chicago & North Western Railway train while commuting to his advertising agency job in Chicago.

He is president of Walle and Briggs.

"I just read Red China a

little," he said. "Drawing on such varied sources as the U. S. National Archives, records and reports of observers, and Communist publications, Richard M. Benschel presents a thorough

study of the aircraft

performance, capabilities, and personnel of Communist China's air force and the role it has played in the country's history," said his publisher. Among other things, he recounts the long-lost story of Russia's violation of treaty agreements after World War II, when it helped Chinese Communist forces against Japanese aircraft in Manchuria.

REINCH, HAS served as a consultant on aviation history to American Heritage, 20th Century-Fox, and United Artists.

His other books have reviewed Japanese aviation, and he has contributed to such periodicals as Popular Aviation.

He is working on a new book, inspired by the discovery that nuclear had ever written a definite book on "one armed bandits," said his publisher. He is presently filling his commuter hours with research and writing on that subject.

## Library to Pay for Half Of Referendum Brochure

The Arlington Heights Library Board last night unanimously approved payment of half the cost of brochures explaining the May 17 referendum.

The referendum is for a \$500,000 bond issue and an increase rate in operating

The raise would bring the present 12 cents on \$100 of

assumed valuation up to 20

cents. The other half of the cost of the brochure will be paid by the citizen's committee supporting the referendum.

Among other things, the brochure will explain why the raise is needed. One of the pictures shows the library with a sign reading "Closed by the window."

Richard Cowen, chairman of the citizens committee, said the library needs more money.

A handwritten note he said the picture on the brochure does not overstate the case — the library may have to close unless it receives more money.

ALSO DISCUSSED at the meeting was the legality of using bond proceeds to buy books. Bonds were sold July 5, 1964 to pay for the new building, and equipment of the Arlington Heights Memorial Library.

The question is whether books could be considered equipment said Martin Smith, library attorney.

A new amendment to the state statute covering bond issues allows for the purchase of books, he said. The amendment, Smith believes, could indicate that books were not included in the original statute, and could not be

MARK MOORE, 2020 E. Northview Hwy., reported the loss of two tires and rim worth \$250 from a new car on their lot.

purchase under the 1966 bond issue.

DIRECTORS who approved such a purchase could be held personally liable for using the bonds for the purpose they were issued. Smith said the chance of this is slim, but the board would run the risk of paying for its own defense.

## Jaycees Raising Money

Jaycees in Arlington Heights, Mount Prospect, and

The Arlington Heights Jaycees are carrying on several fundraising projects.

The Arlington Heights Jaycees have been selling charcoal and wood, the Mount Prospect Jaycees will be selling wood next weekend, and the Prospect Heights Jaycees will be selling charcoal and

tossing water wells for pollution.

Last Saturday, which was the first day for selling in Arlington Heights, nine trucks and 12 Jaycees sold one-half a freight car of charcoal, or about 175 tons. On the next two Saturdays they will be selling the other half-carload.

Bob Jarosz and Pat McDaniel were the top prize for selling \$300 worth.

Mount Prospect Jaycees will hold their wood sale on Saturday.

Prospect Heights Jaycees will hold their charcoal sale next Saturday. Anyone wishing to buy it may call 537-6870. Also anyone wishing to have his water tested for pollution may contact Jay Bowd at 537-3379. Last year about 20 per cent of the wells tested were found to be polluted.

Workers now are living the same way as the workers who were in the area. They pay rent for sleeping in hotels provided for them.

If the conference had been planned, the owner planned to move them out into the trailers, then move his more men into the trailers.

The motion was made to reject the ordinance as written, asking no trailers on

the golf course.

The board was divided on the motion.

The golf course owner plans to meet a permanent building next year.

## Thieves Take Auto Equipment

Thieves stole auto equipment from two Arlington Heights dealers over the weekend, police said yesterday.

A technician, a tennis racket, a set of wheel covers, and a set of wheel covers, all a total loss of \$120, were taken from two used cars at Latent Motor Sales, 880 E. Northview Hwy.

MARK MOORE, 2020 E. Northview Hwy., reported the loss of two tires and rim worth \$250 from a new car on their lot.

# Card Invitational Crown to Oak Park

By Linda Hamilton  
Sports Editor

Paul Evans and Bill Stelling, playing second doubles later lost to Peter Armstrong and Tom Philbrick in Arlington's eight-team invitational.

The Cardinals finished second overall to perhaps the team's strongest team, Oak Park, Prospect tied for sixth with 2-5.

EACH TEAM played two singles and two doubles matches. The top two teams play return sets of pro-nom type scoring in which the first man to get right point wins.

At first singles, Arlington's Bob Crockett was pitted against Prospect's undefeated Dave Johnson. Johnson won, 6-2, 6-4, but later lost to Peter Armstrong of Oak Park, 3-6, 6-1, 6-1. Armstrong was the first singles champion.

The Cardinals finished second overall to perhaps the team's strongest team, Oak Park, Prospect tied for sixth with 2-5.

Don E. He then lost to Prospect's Chuck Hughes, 8-7, 6-3.

Hughes had gone down in his first match of the day, 6-2, 6-3 to Don Philbrick of Glenard West, but then best Steve

For of Euston, 8-0.

At first doubles, Ken Armstrong and Doug Paris won with perfect sets, 6-0, 6-0 over a Blue Island team, and then best an Evanston day, 2-1.

IN THE CHAMPIONSHIP match, 6-3, 6-2 to Billy Dutton and Dave Martin of Oak Park in what Philbrick termed a "well-played match."

The Prospect first doubles match of Mike Wells and Chris Siles had tough luck, losing all three of their matches Ottawa best them, 6-4, 6-3, in the initial encounter, then they lost to

PROSPECT'S SECOND doubles team of Bob Brull and Brian Bambuck went down in the first match, 6-0, 6-0 to Wright called "good competition."

Mike Wells and Chris Siles had tough luck, losing all three of their matches Ottawa best them, 6-4, 6-3, in the initial encounter, then they lost to

## Woodard Singles in Arlington's Winning Run

By Tom Kow

The Arlington High baseball team won its second conference game after losing three straight as the Cardinals swept the Cougars Cougars Friday with a two-out, two-run rally, 2-1.

The Cardinals were held scoreless in the first frame of play, but Dave Woodard's sharp single to center with two out in the bottom of the

seventh sent home the winning run to give the Cards the victory.

ONCE AGAIN, Arlington's team was few and far between as they were able to win only four games in the conference. Dave Armstrong was the big hit for the Cards as he knocked out the Cougars' game-tying double in the seventh.

The Cougars jumped on Tom Komin and Doug

Cardinal starting pitcher Gary Anderson with a run in the first. Cougar Cliff Lopevise was admitted to the game's

to no error by Arlington's shortstop, Walk Winter sent a ball to right center, pushing Lopevise to third and allowing himself on second.

With the hit by Komin, Mike Ardon drove a towering fly to left field, and Doug Komin was out on a thrower error. Al Feldman, Feldman caught a ball easily, but was unable to

return it to the infield before Lopevise crossed the plate with the initial tally of the

# Arlington Tracksters Stop Forest View, GBV

The Arlington High School varsity tracksters Sunday emerged victorious over Forest View and Glanthead North in Forest View.

The Cards were the powerhouse as they compiled a score of 12, followed by Forest View with 49 and Glanthead North with 13. At the sophomore level the scores were Arlington 79, Forest View 42 and Glanthead North 42.

In the two-mile run, Arlington took the first two places. Junior John Curtis placed first with a time of 10:18.5 and Card sophomore Scott Techer was a close second with a 10:18.6 time. Mike Kennedy of Forest View placed fourth with a time of 12:17.

Forest View crossed the finish line first and second in the 120-yard high hurdles. Rick Porter was first, 16.0, and Dave Lang placed second, 16.3. Arlington's Red Hart was third with a time of 16.3.

Terry Shanon of Forest View crossed the five-minute hours in the 100-yard dash with a 10:11 time. Pat Torrey of Arlington was second, 10.9, and Mark Ennis of Forest View was fourth, 12.0. In the 800-yard run, Arlington's Shadlock placed first, 2:34.8, and fourth. Scott Porter was second with a time of 2:56.0. Tom Swanson of Forest View was fourth, 3:06.0, and Mike Dersley fourth in 3:08.

## THE 800-YARD relay saw

## Viator Bounced

By Bill Copeland  
Late Tech High School pounded out 11 runs on seven hits in best visiting St. Viator, 1-3, Saturday. The seven hits included two home runs and two doubles.

Lane's inning broke the game open when they scored five runs. Larry broken by off with a single into right, but Viator's pitcher, Steve Snyder, made a good move to first, picking off Snyder for the out.

SNYDER began to have some control problems at the point as he hit the next two batters, putting runners on first and second. Snyder couldn't find the range and allowed the next two batters, forcing a runner in. Two doubles, drew in the other four runs.

LANE SCORED two runs in the third, two in the fourth and two in the sixth to account for their other runs. In the third, using they scored their runs on four walks and a home run by Rip Ray. With two outs in the third St. Viator coach Pat McIntyre brought Mike O'Donnell in to pitch. Jim Hyatt moved from second to replace O'Donnell at first and Pat Scheetz came in to replace second.

O'Donnell led St. Viator with two hits in three times at bat, and scored all three runs. Viator scored the first run of the game in the top of the first. After Jack Bracken flew out to the first baseman, O'Donnell got one

with a 3:42.5 time. Glanthead North's squad was third with a 3:47.8.

CARD PAID Tallentown captured two firsts. Tallentown won the 100-yard dash with a time of 14.6, and 100-yard hurdles. Tallentown was Jim Ulrich of Arlington with a time of 1:37. Glanthead North was disqualified because of a dropped baton.

In the 440-yard dash, Redford Rick Pollard placed first in 51.9, followed by Bob Bell of Forest View with 52.1, and Mike Healey of Arlington in 53.0.

Gary Fageron of Arlington won the 180-yard low hurdles with a 2:14 time. Fageron was followed by Ennis of Forest View in 2:25, and Todd Smith of Arlington with 2:35.

THE MILE RUN saw Dave Marzelle and Jim Marzelle of Forest View placed first and second place finishes. Marzelle's time was 4:44 and Hooker scored second with a 4:47 time. Tom Vaughn of Forest View placed third with a 4:57 time. Hooker placed fourth with a 5:07 time. The high jump saw Hammer of Forest View jump to first place with a 5 feet 10 inches. Fageron of Arlington placed second with 5 feet 8 inches. Fageron placed third with 5 feet 4 inches.

**County Collects Record in Fines**  
A record amount of revenue was received by Cook County through fines levied in the Circuit Court during the first quarter of 1969, court clerk Matthew J. Danaher said.

The Arlington Heights branch accounted for more than \$15,000 of the total \$132,285.50 collected in the first three months.

The Rolling Meadows branch collected \$2,453, while Palmdale and the Forest Park Village Group accounted for \$818.

and escaped with \$50 cash and \$140 worth of camera equipment.

Mrs. Eleanor Sommer, 600 Arlington Heights, Des Plaines, an employee of the shop, told police that she saw the man come into the store and looked around for several minutes before speaking.

After she had waited on some customers, Mrs. Sommer told police, the man approached her and asked to talk to the owner of the store. She told him she was out, and the man continued to browse.

After several minutes more, the man asked to look at a camera and saw a large leather bag on the counter, Mrs. Sommer said.

The man then produced a small gun, she said, and told her to open the cash register and give him the money it.

Mrs. Sommer said she opened the cash register and the man came behind the counter and took \$50 in cash and several cameras.

A later inventory revealed that he had taken four lenses, five 35 mm camera bodies, and two movie cameras.

All persons involved escaped injury yesterday when a small van tipped over in front of a car on the southbound side of Illinois 53 at the Northwest Tollway and only property damage was reported by Illinois State Police.

## Dist. 5 Head Refutes Charges

By Jan Boice

On Friday, April 11, The Day printed a letter from Joseph Andreanico, 400 S. Buse Rd., Mount Prospect, which had been sent to Joseph District 51 board members and candidates.

Andreanico had been appointed chairman of the sub-committee of Forest View Elementary School parents who were studying district finances.

His letter asked six questions about District 51's actions.

other in December, 1968, will you please explain them?"

A. "The \$1,000 payment was made to Dr. Thomas (District 59 superintendent) as part of his employment contract."

"Dr. Thomas had received a substantial increase in his annual salary."

"At the Board's insistence, he did accept this additional payment which could be used for other educational activities."

"Since this information is available to everyone and can be obtained by calling or visiting our administrative office, it is obvious as to why you provided the newspapers with a copy of your question and directed them to the Board of Education instead of going directly to our Business Manager."

In any event, we welcome the opportunity to answer any other questions you may have.

THE LETTER is signed by Gene Arsenenko, who was president of the Board of Education on April 21, the day it was written. Arsenenko's term has now expired.

District 59 schools are Low, Jay, Frost, Dempster, Hoffman, Bensenville, Devonshire, High Ridge, Oakdale, and Elk Grove Village buildings.

## St. James Parishioners Hold 'Town Meeting' Over Finances

By K.C. Radtke

change in operations of the schools beyond the 1969-70 school year," said Frank Split, chairman of the 20-member task force committee which developed the report. He is a past president of the parish school council (PASC).

DISCUSSING THE parish financial obligation as two-fold, Split told the attending parishioners they "must pay on the parish debt to the archdiocese and continue to break even."

To aid in meeting these obligations, the school plan presented its teaching staff by six members sent to St. Clare's school to be discussed, but grades will not be eliminated, according to James Oiler, president of the St. James board of education.

GRADES FIVE through eight will be served by four classrooms and remaining grades in both the elementary and junior high schools will be served by three classrooms for each grade, Oiler said.

Turnin in the St. James school of religion, serving children of the parish who attend public school, will be raised to \$35, almost a 100 per cent increase, according to Oiler.

Enrollment in the school of religion is greater than the parish's elementary and junior high schools, he said.

THE PARISH is currently seeking two professionals, trained catechists, to function as administrators and assistant administrators in the school of religion in the hope of providing a better religious background for these children.

Parishioners were urged to write their state legislators supporting public aid to parochial schools and to support a parish meeting. Monday, May 19, at 8 p.m. speakers discussed the controversial issue.

William Hennessy, vice president of the board of education, updated cooperative sessions of public school District 25 serving its services with St. James schools in such activities as speech therapy, band, and the diagnostic learning center. But the most significant

## Co-operation Needed To Fight Pollution, Woods Tells Parley

By Richard Cribb

John G. Woods, former mayor of Arlington Heights, told the Air and Water Pollution Control Conference in Chicago, held Tuesday at the Chicago Civic Campus of the University of Illinois, that the battle against pollution can only be won by an effective co-operation between federal, state and local governments.

The conference was sponsored by the Council of Governments of Cook County and was headed by Mayor Jack Pahl of Elk Grove Village, who is one of the council's members.

Woods also served in moderation of the conference, which was attended by some of the country's foremost authorities on pollution.

PAHL AWARDED Woods a "Hall of Fame" first distinguished achievement award. The plaque cited Woods for outstanding public service as mayor of Arlington Heights and for "important assistance given many other public organizations."

The language of the award was:

"This expenditure," said a board committee spokesman, "includes provisions for additional personnel needed for additional enrollment demands."

District projections indicate there will be 11,800 students next year up 1,200 from the present enrollment.

THE STAFF bulletin included one statement not in

on 1969 cars are capable of removing only about two-thirds of the pollution from exhausts but are causing some operational difficulties, he said.

Hamel predicted that federal regulation of car pollution will become more strict and that new control devices—new engines and new fuels—will be developed to provide more effectively elimination of air pollution by cars.

WILLIAM HUNTER, who formerly lived in Mount Prospect but now resides in Deerfield, Conn., addressed the conference on the National Air Pollution Control Administration of the U. S. Department of Health, Education and Welfare, spoke on "The Role of the Federal Government in Air Pollution Control."

James Bacon, superintendent of the Metropolitan Sanitary District of Chicago reported on the air and water pollution control program of his organization.

## Horse Finds Streets Are For Autos

Arlington Heights police officer Jim Eicos saw an unusual traffic violator on Arlington Heights Rd. yesterday afternoon.

While on patrol yesterday afternoon near Cypress on Arlington Heights Rd. he spotted a horse going the opposite direction as the traffic lane.

Eicos attempted to chase the horse, but found it was being followed, and the animal was not concerned until Eicos had returned and called Sgt. Richard Reed and several citizens.

By that time the horse had made his way to Wilke and Kitchell Roads.

Tom Seidling, 3402 Elgin, Rolling Meadows, came by and managed to calm the horse with quiet words and some sugar, and volunteered to accompany it until the owner arrived on hour later.

The owner of the horse, Susan Black, 14, 9000 Centre St., Mount Prospect, was called for having lost track of a boy had been seen driving an hour later.

The owner of the horse, Susan Black, 14, 9000 Centre St., Mount Prospect, was called for having lost track of a boy had been seen driving an hour later.

## Fire Destroys Home

A blaze of still undetermined causes did not extinguish the fire but burned a utility room at 2212 N. Champlain, Arlington Heights, yesterday afternoon.

A neighbor reported that he had seen an unusual amount of smoke coming from the house's chimney. He said he had seen smoke coming out of the lower half of the door.

Firemen received the call at 12:30 p.m. and were at the scene trying to contain the fire for 15 hours.

The cause of the fire is still unknown, and no damage estimate is available, but the fire had been burned to a utility room in the basement of the house.

The owner of the home, Ken Beadling, and his family were not home at the time and the house was closed up. The fire was completely finished by the time the flames had burned through the basement ceiling.

not were not at the time and the house was closed up. The fire was completely finished by the time the flames had burned through the basement ceiling.

## Teachers to Vote on Salary Offer

District 59 teachers were meeting Wednesday to accept or reject the administration's proposal of a salary package.

The package includes an average salary increase of more than 12 per cent a year, scheduled on the new salary schedule in addition to a 4 per cent increase all teachers receive for the present schedule and "substantial" fringe benefits.

Beginning teachers would start at \$6,400 a year—up from \$6,100—and experienced teachers, at \$7,000—up from \$6,700—on an extended service basis.

The package would have other duties such as a large increase in the new salary schedule in addition to a 4 per cent increase all teachers receive for the present schedule and "substantial" fringe benefits.

The PROPOSAL would add more than \$700,000 to the district's salary bill, more than 15 per cent increase.

"This expenditure," said a board committee spokesman, "includes provisions for additional personnel needed for additional enrollment demands."

District projections indicate there will be 11,800 students next year up 1,200 from the present enrollment.

THE STAFF bulletin included one statement not in

# 13 Win National Merit Scholarships

Thirty-three high school students from Arlington Heights and Mount Prospect are among 1,000 of the nation's high school seniors awarded Merit Scholarships.

The award winners were announced today by John M. Stankaker, president of the National Merit Scholarship Corp. in Evanston.

The 1969 Merit Scholars were chosen from among 15,000 highly qualified students who became finalists in the 1968-69 Merit program.

The scholarship winners from Arlington Heights are:

Barbara Foudrie, 510 S. Pine; Michele Husni, 1202 E. Northwest Hwy.; Laura Jenkins, 915 N. Belmont; Raymond Kook, 1145 S. Mitchell; Linda Nielsen, 1210 W. Euclid; Brian Kent, 1116 E. Orchard; Pamela West, 304 N. Drury and David W. Woods, 725 S. Dunton.

The five winners from Mount Prospect are:

Mark Frisbie, 901 S. We-

Go Tr.; Barbara Hoenes, 1115 Greenfield; Judith

Noland, 709 S. William; Laurence Wonders, 700 N. Main; and Susan Zwickli, 901 Alder Ln.

"It's gratifying that 190 companies, colleges, foundations, unions and other organizations are continuing to increase their support of these outstanding young persons," Stankaker said.

Corporations and corporate foundations provide most of the four-year merit scholarships, in many cases offering the awards for the children of the firm's employees.

Other sponsors favor finalists who have indicated certain career professions or who have other qualifications which the sponsors wish to encourage.

Barbara Foudrie, a senior at Arlington High School, was sponsored by the Chrysler Corp.

"I plan on attending the University of Illinois where I'll major in math or science," Barbara said.

A senior at Prospect High

Judith Noland

school Michele Husni won the merit scholarship offered by Rosary College, where she said she plans to major in library science.

Laura Jenkins, senior at Arlington High School, received her scholarship from Owens-Illinois, Inc. In September Laura will attend St. John's College where she will major in philosophy. She is a

## Twelve Awards Given Woman's Club

music department of Arlington High School; gave a program of Christmas caroling by Mrs. William Fricke; piano music was offered by Mrs. Edward McGrath; and guitar folk music program was presented by Vess Dure of St. Viator High School.

Committee members, some of whom have served since 1960, include besides Mrs. Kleisner, her co-chairman Mrs. H. P. Kroencke, Mrs. R. M. Anderson, Mrs. Ben F. Carns, Mrs. Myron Custis, Mrs. Robert Meyers, Mrs. Charles Nute, Mrs. Richard Oldenburg, Mrs. Frank Precilio Jr., Mrs. Seymour Recht, Mrs. George Rose and Mrs. Theodore Samuelson.

ever attempted by women's club members. Mrs. William Fricke, chairman, was congratulated for her efforts in this endeavor.

Also personally thanked were Mrs. Laddie Podanska, vice president, was Mrs. Paul Cerny for on behalf of her Veterans Service committee work which received an outstanding achievement award.

Other outstanding achievement citations were given to Public Health and Safety for presentation of educational materials on narcotics; Garden and Beautification under the direction of Mrs. Gilbert H. Krohn; Conservation, with Mrs. Saunders Reinhard, acting chairman.

Also included were

A Grand Council Fire will honor local Camp Fire Girls at 3 p.m., Sunday, May 4, at Arlington High School. At that time the girls will receive their rank which they have worked toward throughout the

as one of the members of the  
the Arlington Heights Woman  
de fashions for 100 patients

Legislation in membership for the greatest increase membership during the year present membership total 431 according to Mrs. W.

Fourth grade girls will receive the rank of Trail Seeker; fifth graders to Wood Gatherer, and sixth grade girls to Fire Maker. Junior high girls will receive their rank

## One Touch of The Elephant

Because of inflation and economy, non-profit organizations are being asked to help in order to maintain the level of services. The public school system is already in the process of closing schools. The corporate world is also being asked to help in the opening of the Bureau as a central screening center. Great effort is being made to give a strong youth service program a strong future.

Applications can be obtained at the youth activity room in Arlington Heights, Illinois, 1000 North Rand Road, during the hours of 9:30 a.m. to 3:30 p.m. Further information can be obtained by calling Mrs. Moore at 392-0551 or Mrs. Moore at 392-0552.

Newly elected officers are president, the Rev. Leon H. Genth, vice-president, Mrs. C. Genth, secretary, Mrs. C. Genth, treasurer, Mrs. C. Genth, membership, recording secretary, Mrs. Stanley Dreyer and corresponding secretary, Mrs. R. Wayne Dreyer.

Brewer Grant, executive director of the Greater Chicago area. "It encompasses countless agencies and associations within the shadow. Included in the spectrum of its services are schools and private hospitals, day centers, community clinics, rehabilitation programs, care activities and halfway houses."

**THERE ARE** six basic facts every citizen should know about mental illness—the mentally ill.

1. They are our neighbors. Of 35,000 patients in Illinois mental hospitals, more than 60 per cent are Chicago people.
2. The mentally ill can be well. With prompt, scientific treatment, humane care

**PROGRESS** has been made. A revolution is taking place in the care and treatment of the mentally ill as the emphasis moves from the traditional hospital care to a variety of services in the patient's home community.

Irene "Rae" Partridge, an artist from the Huntington Heights area, will exhibit a collection of her paintings, including acrylics and pen and ink drawings, in the Art Gallery of the Gulf Mill Theatre during the month of May. Her subjects will range from landscapes and marine scenes to still life, floral and portraits.

the Des Plaines Art Club. Mrs. Partridge is currently preparing a series of lectures and demonstrations on interior decorating and will soon begin a series of classes in color study. The artist studied at Westmont College, Santa Barbara, Calif., the Institute of Chicago and had an apprenticeship as a furniture designer, interior decorator and florist.

Sororities, rush finances will be discussed along with an announcement of the three Panhellenic Scholarship winners.

They also feel the need to continue their intellectual growth through study in and study-discussion groups. Ms. Harold Schaefer, 392-4811, will answer any inquiries from those women interested in joining or becoming available to belong to the group.

May 1: Arlington High School, Tuesday, May 6, 3:45 to 4:20 p.m. in cafeteria. On the same day, May 1, Maine East and Maine West high schools jointly hold the party, 3:45 to 4:10 p.m. in the Maine East cafeteria. Forest View School, Wednesday, May 7, 2:50 to 3:30 p.m. in cafeteria, and Elk Grove

**PRESENTING** her program before the business meeting so that the public may attend, Mrs. Patton will discuss "Antiques and Values" with a question and answer period following.

AT A recent press  
conference, plans for the  
"Mental Health Camp"  
headed by former Gov.  
Samuel H. Shapiro,  
disclosed. Norma

Through its five-point program, identified by the S-P-E-A-R, the Mental Health Association works in the areas of Service, Planning, Education, Action and Research. Through your support of the Bell Ringer Campaign on Saturday and Sunday, you help SPEARhead their efforts.

## New Collectibles: Old Kitchen Gadgets

By Mary Bruce

Perhaps motivated by memories of grandma's country kitchen or the blissful aroma of home cooking, many collectors have a deep love and respect for old kitchen gadgets.

It was during the late 1800's that the age of the gadget reached its peak and the country store was the official dispenser of all these kitchen helpers. Many were made of iron with the patent date visible, making them very desirable to the collector of

kitchen gadgets.

These tools were well made, simple in design, with functional thought in the construction. Trust our celebrated Zerkle ingenuity to invent and devise gadgets and tools with such craftsmanship that many have survived almost a century of use. Many of these kitchen gadgets are being used today in the home of Mrs. H. in Arlington Heights.

Mrs. H. has a large collection of these gadgets including apple-peeler, nutting grater and cherry pitter, hung

in a tasteful arrangement on her kitchen wall in easy reach for cooking.

"I've never found any modern gadget that does quite as nice a job as the old cabbage grater and it still easy to clean. Another item I use and enjoy is the pineapple slicer, for removing the eyes of the pineapple."

Mrs. H.'s husband enjoys collecting old woodworking tools and many of these are hung on the wall adding a balance to the kitchen helpers. Their combined interest in old tools and gadgets started

a number of years ago when they found an accumulation of old carpenter tools in the attic of Mr. H.'s parents. These dated back to the early days of Des Plaines and Arlington Heights when his grandparents left Germany and settled in Elk Grove Village and Des Plaines.

When time and dirt of the years was cleaned away, the wood needed no refinishing because of the bright patina and polish formed from a lifetime of use. Since that find they've filled up almost all available space

with saws, planes, spokeshaves and other tools belonging to many of the men of the late 1800s and early 1900s who had to be a jack of all trades on their remote farms. Studying the designs and workmanship and the history of these people give one a new respect for the many jobs our grandmothers had to master just to survive.

If you do collect the interesting past of our Americans, don't tempt yourself to refinish or paint these items as it does detract from their value as an antique.

Decorating with old kitchen gadgets and tools adds interest to a kitchen wall. Kitchen equipment includes a wooden butter bowl and paddle, pineapple slicer, cabbage chopper and nutting grater.

Carpenter tools and kitchen gadgets are combined in a wall hanging. Tools at the top left include two planes, quarterround plane, and plumb. Kitchen gadgets include a rivet, cabbage chopper, vegetable tin or coring iron, a 2 1/2 qt. pepper.

## Avocados Are Vitamin-Packed

Most people think of sophisticated good taste when they think of the California avocado. Good taste is looks because perky avocados green sparkle up any dish and good taste in the smooth nutlike flavor.

It is also a bargain in the nutrition department. For only 150 calories in the avocado

half, you get 14 minerals and 11 vitamins. If you want to really impress your friends, refer to the complete list of "goodies" you get from avocados: Vitamin A, C, E, K, B-1, B-2, B-6 as well as Nicotin, Potassium, Calcium, Biotin and Folic acid. In the mineral department: Calcium,

Phosphorus, Iron, Sodium, Potassium, Magnesium, Manganese, Aluminum, Silicon, Sulfur, Chlorine, Boron, Rubidium and Copper.

If you are on a diet, avocados can help. Because of their chemical makeup they satisfy a hearty appetite by staying in the stomach longer than most fruits, vegetables and lean meats. And, they're easy digest.

HERE ARE several mouth-watering avocado dishes, rich in flavor and nutrition, yet low in calories. They make ideal lunches as is, or as discrete entrees.

One cup cubed breast of chicken (160 calories) is cupped omelet (90 calories), 1 sliced green onion (5 calories), mixed together with 2 avocados (155 calories) mashed with 1 tablespoon juice of lemon (4 calories) and served in a tomato cut in half (25 calories). Total 359 calories.

Two egg omelet, made in non-stick pan, one half avocado, sliced (150 calories) added just before serving. Total 300 calories.

Avocados are properly classified as fruits. Yet, they contain so much fat and very little fruit sugar. They contain a rare oil known found in fruits, and an unusual amount of protein for fruits.

You'll find perky dark-skinned avocados from May through October; another green-skinned varieties October through May. Inside, both varieties are the same.

# 'Y' Girl Swimmers Honored

By George Hahn

The Northwest Suburban YMCA Girls Swim Team celebrated their season last night with an awards banquet held at St. Paul's Lutheran Church in Mount Prospect. More than 200 swimmers, coaches and parents received awards.

Handing the list of award winners was Liz Tobin, who was 10th in the 100-yard breaststroke in the Third National Women's YMCA Swimming Championships held at Green Bay, Wis. Last weekend, Liz closed an illustrious nine-year career by trying for ninth in the preliminary and taking 10th in the final with a 1:16.3 clocking, her individual best time and a new team record. Jan Howard of BR Eyal led the field of 42 with a 1:11.6. Liz was awarded her medal at Green Bay by Henry Jordan of the Green Bay Packers.

LIZ ALSO received a "Granny" award as voted given annually by the coaches to the swimmers who have completed their last season of eligibility with the YMCA. Also receiving "Grannies" were:

## Vikes Top 'Cats

The Fremd Vikings' golf squad defeated the Wheeling Wildcats, 181-183, Thursday afternoon at Iverness Country Club.

Wheeling lost despite having the day's medalist in Mike Giv who shot a 43. Others scoring for Wheeling were Terry Nead with a 44, and Jay Lennick and Bob Winters who both carded a 45.

On the front-slope level, the Vikings had an easier time as they shot 176-195.

THURS. FRI. SAT. SUN.

These distinguished parents were the recipients of a special award. Roger Tork, Robert Foster and "Uriea Joe" Lennick received a national award from the Chicago Metropolitan YMCA Council for their organization's fine handling of the Second National YMCA Swimming Championships last year at George Williams College.

COACHES Al Gendler, Fran Allen and Ed Gahler were praised for their service to the team. Gahler took this opportunity to announce, due to personal commitments, his resignation as head coach.

HELEN COREVELL, Women's Director at the Y, was officially presented with the first-place trophy won by the International Girls at this year's Jan Grunwald and Pauli Wolfman.

Many girls were awarded trophies for their contributions to the team. Girls B & under receiving trophies were: Gretchen Fricks, Nora Halvorsen, Cathy Hoeking, Cathy Howland, Pauli Lataas, Barbara Loner, Ginger Mowson, Louise Nelson, Linda Blahnik, Jennifer Stuart, Terry L. Wiken, Debbie Davis, Diane Chrykows, Tracey Ribbs, Beth Kogutman, Barbara Larsen, Jane Mark, Nancy Newing, Cheryl Takata, and Terri Lynn Wendle.

Middle A & 10 receiving trophies were Jena Allen, Cindy Antonik, Chris Burdige, Ann Diffranceschi, Barry Dillman, Pauline DeKonno, Sue Exander, Judy Kogutman, Sharon Hansen, Carol Howland, Mary Reichman, Cheryl Takata, Kathy Blair, Shannon

Corbett, Jan Cronin, Susan Elliot, Josie and Terry Finerman, Cindy Gahler, Julie Hammond, Carrie Haden, Dianne Joseph, Susan Rafferty, Margaret Todd and Cathy Wolf. Girls 11 & 12 receiving trophies were Kay Corbett, Lee Corbett, Jerry Epstein, Betty Lou Evans, Margaret Gahler, Carol Gahler, Dana Joseph, Denise Rafferty, Gail Schell, Sue Salathe, Pauli Valatano, Kathy Zold, Beth Banger.

Junior receiving trophies were Jill Clawson, Kim Corbett, Mary Lee Cronin, Pam Dixon, Sandy Gahler, Ruth Ann Gahler and Pauli Kengon.

Also commended for outstanding service to the team, both for this season and in the past, were Mr. and Mrs. Foster and Mrs. Ann Diffranceschi.

HEBBS, Barbara Kolin, Pauli Laurson, Jan Lennick, Kay Nielsen.

These girls were awarded trophies last night from the Northwest Suburban YMCA for their participation in swimming at the Junior (11&12) level. They are, row one, from left, Kim Corbett, Sandy Gahler, Pauli Laurson, Kathy Rodgers, Barb Kolin, Andy Sue Hibbs and Claudia Gendler. Row two, Jill Clawson, Mary Lee Cronin, Jan Lennick, Kay Nielsen and Jenine Takata.

Shelia Rafferty, Kathy Nielsen, Janine Takata, Kim Anderson, Mark De Frances, Mary Fitzsimmons, Carla Gormsen, Sue Hall, Sandy Hemphill, Mary Lou Kaine, Sue Kozgan, Britt Magnusson, Pat Noland and Barb Reiner.

Also commended for outstanding service to the team, both for this season and in the past, were Mr. and Mrs. Foster and Mrs. Ann Diffranceschi.

THE GIRLS on the championship Intermediate (15-17) team were Jan Allen, Debbie Barrett, Sue Chaps, Kathy Dalton, Liz Diffranceschi, Connie Foster, Mary Ellen Giverson, Anne and Liz Tobin, Paul Wolfman, Sue Arnold, Ruth Ann Gahler and Pauli Kengon.

Also commended for outstanding service to the team, both for this season and in the past, were Mr. and Mrs. Foster and Mrs. Ann Diffranceschi.

## DOUBLE DOUBLE

### EXECUTIVE CARS

**'68 BUICK**

**LeSABRES & SKYLARKS**

2- and 4-Dr. Hardtops

Must have air-conditioning and abundance of accessories

**FANTASTIC SAVINGS!**

**'68 BUICK ELECTRA**

4-Dr. Factory Air Conditioned, Full Power, Beautiful Desert Beige with Buckskin Vinyl Top, Immaculate Cond.

**\$3395**

**'68 OLDS CUTLASS SUPREME**

2-Dr. H1 Factory Air Conditioned, Full Power, Beautiful Twilight Blue with White Vinyl Top, Very Low Miles.

**\$2695**

**'67 FORD FAIRLANE 500**

2-Dr. V-8 Engine, Automatic Trans., Power Steering, Radio, Etc. Very Low Miles, Excellent Cond.

**\$1395**

**'67 BUICK ELECTRA 4-DR.**

Factory air conditioned, vinyl top, full power, beautiful, well cared for, local car. Must be seen to appreciate.

**\$2695**

## SAVE 50% MORE

**on Double-Check Used Cars, too!**

Double-good deals as the folks at John Mufich Buick double-the-service, double-the-savings and double-the satisfaction on every Double-Check Used Car delivered. Right now as we step up to double-the-normal-quota you get double-the-dollar value because you save 50% more as we take only half our normal profit per used car too!

**'66 PONTIAC BONNEVILLE**

4-Dr. H.T. Factory air cond., power everything. Beautiful Crystal Blue, Immaculate thru-out.

**\$1795**

**'66 PONT. "LE MANS" COUPE**

Bucket seats, automatic trans., power steering. Crisp looking Alpine White with Black interior.

**\$1495**

**'66 BUICK RIVIERA**

Factory air conditioned, power everything, vinyl top. Must be seen to appreciate. Immaculate in every detail. Strictly "one in a million" condition.

**\$2795**

**'66 CHEVROLET 2-DR.**

6 cyl. engine, automatic trans., power steering. Beautiful Forest Green. Very low miles.

**\$1195**

## In Downtown Area

# Village Bans Wood-Frame Buildings

While firemen inspected inside the homes along Chestnut, two boys along the street inspect the fire department truck. Fireman Rudy Mansell explains engine to Johna Nordke.

By Barry Petersen

The village is moving to rid the downtown business district of wood-frame buildings, outlawed by a 1965 ordinance. Mayor John Walsh said last night.

"I have contacted Village Atty. Jack Segal to actively pursue the policy established by the board relative to the enforcement of the ordinance," Walsh said.

Segal said he is preparing material to be used in filing suits against the building owners. He said he hopes to file suit sometime next week.

According to Segal, the ordinance allows only masonry buildings in the downtown area. Wood-frame buildings, used either for home or business, do not conform to the ordinance and are

the target of the action. Walsh told a Chamber of Commerce executive board meeting Tuesday that he took the action because the buildings are unsightly, retard downtown development and are not paying a fair share of taxes.

"These buildings are the beneficiaries of a high property value area," the mayor said last night.

"In the downtown area we provide an immense amount of services—lighting, street sweeping, police services—and owners of these buildings do not contribute proportionately for these services because the buildings have a low tax valuation and thus a low tax contribution."

"More importantly," the mayor said, "these buildings represent high land and market values and are not

paying a fair load of taxes in this community because of their low valuation."

WALSH SAID his action could not be termed a "crackdown," simply the enforcement of the ordinance.

The owners of the buildings were notified by letter when the ordinance was passed 10 years ago and Walsh said meetings and letters have followed warning orders.

Under the ordinance, they had a several-year grace period to sell the homes before the action contemplated by Segal.

Walsh said clearing the downtown area of the wood-frame homes will allow the land to be sold or developed for business use.

"The property can't help but become income producing if it's improved," the mayor

said, "this contributing to village and school district taxes."

Segal said he is "getting material ready" in order to file suit against the owners of the property.

"This is the first order of the administration and I'm going full steam ahead," the attorney said.

He said the village notified the owners last year when their grace period ran out that they were subject to the ordinance and should be aware of the action they now face.

Walsh said the buildings hopefully will be destroyed following a city condemnation, but added:

"I hope compliance with the ordinance will be voluntary and the village won't have to pursue this in a legal battle."

## Former Dist. 59 Trustee Questions Payment to Thomas

By Jan Bone

District 59 ex-board member Wayne Little has questioned the answer given by a former board president to Gene Artemenko's claim that he was owed \$500 checks paid to St. Donald Thomas, Artemenko wrote that.

The \$1,000 payment was made to Dr. Thomas as part of his employment contract. Dr. Thomas had received a substantial increase in his annual salary. At the board's refusal to pay the money, Dr. Thomas had threatened to sue the district for breach of contract. The payment was made as part of a settlement.

But Wayne Little says that is not so.

All expenses are paid by the district, as far as I'm concerned," said Little, "the \$1,000 was part of Thomas' contract for an educational trip to Europe."

"Last time I discussed it with Artemenko, Gene said, 'We have nothing to hide. It's written in the contract and anyone can go look at it.'"

Disbursement lists from District 59 show that on Nov. 4, and again on Dec. 2, a \$500 check payable to Dr. Thomas was approved. The two checks were posted to account 300.17 administrative travel.

MRS. MAXINE Wheeler, bookkeeper, told The Day that her notes in her handwriting indicate that Dr. Thomas made a verbal request to be paid the money in accordance with the terms of his contract and that there are no other vouchers, except one document behind the two checks.

Board policy, Section 6-2.5, states that "All expenditures, (travel, professional services, etc.) shall be verified by receipts and shall be itemized on a form provided by the superintendent."

But Wayne Little says that is not so.

All expenses are paid by the district, as far as I'm concerned," said Little, "the \$1,000 was part of Thomas' contract for an educational trip to Europe."

"Last time I discussed it with Artemenko, Gene said, 'We have nothing to hide. It's written in the contract and anyone can go look at it.'"

Disbursement lists from District 59 show that on Nov. 4, and again on Dec. 2, a \$500 check payable to Dr. Thomas was approved. The two checks were posted to account 300.17 administrative travel.

Dr. Thomas' contract for the 1964-69 school year calls for a salary of \$25,000 and insurance. Benefits and sick leave benefits are provided in the contract. Payment plan for a superintendent is \$10,000 a year.

"In addition," the contract says, "the superintendent will pay a maximum of \$1,000 for a three-week educational trip to Europe in Nov. 1968."

In addition, the school district will provide a car for the superintendent's use. It is understood that this vehicle is to be used by the superintendent for school and private business while on duty.

The car is taken out of the district for non-school business, gasoline for the trip is to be paid by the superintendent.

Dr. Thomas was asked for comment.

"The Board of Education offered me a salary of \$27,000 for the current school year," he said, "I really felt it was too large an increase, so I made the recommendation to them that they give me \$25,000 salary with an additional \$1,000 for a three-week trip to Europe."

"This was a net savings to the district of \$1,000, and the board agreed to it. It was reasonable."

"I had indicated to Maxine (Wheeler) that the should give me the car in connection with the trip."

"WHEN FALL came and we were to go on the trip with the belt-tightening and the tax increases, I decided not to take the trip and to take the money as salary to be used for the superintendent's education."

Dr. Thomas was asked for comment.

## Rumfeld Posts Poll Results

By Richard Cusko

Rep. Donald Rumfeld (13th District) yesterday released the results of his 1968 National Issues Poll to which more than 21,000 voters in northern Cook County and the northwest suburbs responded during April.

In this year's poll, Rumfeld posed 10 questions before the nation and the present Congress. The subjects probed in the questions included Vietnam policy, settlement of the Midwest crisis, federal tax cuts and reform of the electoral college.

The highest vote on any question was scored on the Rolling Meadows Woman Injured In 2-Car Crash.

A 21-year-old Rolling Meadows woman was injured seriously in a two-car collision at Northwest Hwy. and Kensington Rd., Arlington Heights.

At 2301 Algonquin Rd., 21, was treated for head injury at Northwestern Community Hospital police said.

The other driver, Martin B. Kelley, 23, of 318 Marion Ct., Wheeling, was cited for failure to yield right of way to a left turn, and to appear in an Arlington Heights court June 4.

question of federal tax revision. A total of 81.1 per cent favored tax reform immediately. Said Rumfeld, "President Nixon sent a tax message recommending a broad program of tax reforms to the Congress on April 21. The President's message should urge the Congress to pass tax reform legislation this year. 'It's long overdue.'"

ON THE COMPLICATED problem of U. S. election laws, the 13th District residents responding to the poll expressed a strong preference for changing the present system of electing the president and vice president. Only 6.6 per cent favor retaining the present system. The proposal for a direct popular vote, favored by 62.1 per cent of the residents. About a fifth

of the residents favored a gradual withdrawal of American troops from Vietnam even if the Paris talks do not produce a settlement. More than 35 per cent favor putting enough muscle into the conflict to win a clear-cut military victory if the Paris peace talks collapse.

The poll revealed an increasing interest in an all-volunteer army, although 44.2 per cent favor continuing the present draft system and another 23 per cent favor the draft with the lottery feature incorporated.

The new commission named by the President last month, reported Rumfeld, "recognizes the growing support for an all-volunteer military, which has been part of our national heritage."

OTHER STUDIES have been made in recent years on military manpower needs, but this commission will break new ground. For the first time in the Cold War era, the case for a volunteer system will be given more than passing consideration," Rumfeld said.

Many of the poll answers were reinforced with additional comments and views.

"The flow of communication stimulated by this annual poll is extremely important."

## Panel Asks More Study On Auto Dealership Plan

Requests for action to allow auto dealership in the north part of the village and a medical center in the south end of town were deferred last night by the Arlington Heights Plan Commission.

Ford Motor Co. sought an extension of business zoning for a 13-acre tract of land on the south side of Dundee Rd. to a half-mile west of Arlington Heights Rd.

A decision was postponed to the May 14 meeting to provide time for studying various facets of the request, including a referendum on the part of the land for a street "for several months."

About one-third of the tract now is zoned for business use another third for an industrial park. Ford has asked business zoning for the remaining third. The land would become the site of a second auto dealership in the village.

consideration of a planned development for a medical center on Central Rd. across from Northwestern Community Hospital, brought this action. The commission recommended that the Village Board renege an ordinance which among other things prohibits the use of radiological equipment at that location. It urged that this restriction be dropped.

The petitioners said they want to include a dentist in the proposed medical center, but that a dentist would want a separate building.

Commission chairman William Hanson said that when the ordinance was adopted in November, 1966, hospital officials had asked for the prohibition on the use of radiological equipment. He referred to minutes of meetings at that time to claim that the Village Board had not meant to include the restriction in the ordinance, but that it apparently was added in the drafting.

Action on the request was deferred until after Village Board action on the ordinance.

restriction be dropped. The petitioners said they want to include a dentist in the proposed medical center, but that a dentist would want a separate building.

Commission chairman William Hanson said that when the ordinance was adopted in November, 1966, hospital officials had asked for the prohibition on the use of radiological equipment. He referred to minutes of meetings at that time to claim that the Village Board had not meant to include the restriction in the ordinance, but that it apparently was added in the drafting.

Action on the request was deferred until after Village Board action on the ordinance.

## Final Garbage Pickup Phase Begins Monday

Everyone who has had a chance and now lives south of Northwest Hwy. and east of Arlington Heights Rd. will get spring cleaning, garbage pickup service.

Picking in the fourth and last quadrant in the village to be cleaned by the City of Disposal Co. will begin Monday.

Residents who want to get rid of their spring cleaning garbage are warned not to leave it in the curb later than Monday because the quantity to be picked up is undetermined and loads of refuse do not know on which routes trucks will travel.

Thus, to get the free service, the garbage should be on the curb Monday morning, ready for pickup.

Loads will not pick up dirt or construction materials, but branches and stumps, tied in bundles, will be hauled away. All items should be placed at the curb in lillable containers. Larger items should be placed in an orderly fashion or they may not be picked up.

Loads begin the annual clean up in 1965 and the annual cleanup is provided for residents in Lusk's contract with the village to collect.

To be served Friday at Arlington, Prospect, Wheeling, Forest View, Hill Grove and Henry High schools.

Main dish (one choice) served first, then dog or fish sandwich, wieners on bun, chocolate chip cookies, whipped potatoes, buttered corn.

Salad (one choice) fruit juice, tossed salad, cold soup, molded chowder, pineapple, grape, orange, pineapple, grape, hot butter, milk, wieners, peach half, strawberry gelatin, coconut cream pie, chocolate cake, chocolate chip cookies.

Cardinal, 303 S. Gibson, Arlington Heights, will get spring cleaning, garbage pickup service.

## Cook of the Day Venison Chili

By Margaret Murphy

Six children, ranging in age from five to 17, brighten and quicken the life of Lois Hutchison, newly elected in 1968 president of the Arlington Heights Woman's Club of Arlington Heights. John, husband and father, is very much a part of the busy scene at home with only an occasional fishing or hunting trip.

As this interview took place early in the morning on a day when school was in session, it gave me greater insight into Lois' activities. While talking in her cherry kitchen over a cup of coffee, Cory, the youngest, came in for approval for tying his sneakers.

SOON the rest of the children came down, having finished with their bed-making chores, ready now for flying time. This left an aisle for Lois to tell me that aside from her homemaking and club work, she was third in the Seventh District of Illinois

Federation of Women's Clubs for writing action poetry and for making a considerable mention for light verse and essays.

She confessed that her best ideas came to her in the wee hours of the night.

She is also on call for substitute teaching in nursery school, which coincides with Cory's hours.

MEAT planning is a challenge for the best of us during these days of inflation and Lois manages by doing quantity cooking and freezing, and takes advantage of package mixes.

It was a great day when John Hutchison returned from an exciting hunting trip in Manitowish Waters, Wis., with a handsome young buck tied to his car. However, after the deer's proud head was in the hands of the taxidermist and the meat butchered and the frozen, Lois had to face the fact that her children did not like the taste of venison.

With the high price of meat, she could not tolerate the thought of wasting it, so

spices came to her rescue, and she developed the following recipe which the youngsters enjoy eating.

**VENISON CHILI**  
6 strips of beef  
chopped onions to taste  
1½ pounds ground venison  
1 large and 1 small onion  
tomatoes  
1 small can of tomato sauce  
2 cans hot chili beans  
(Heinz)  
salt and pepper to taste  
1½ teaspoon chili powder  
(children like it mild)  
Lightly brown beef and onion. Drain off excess fat. Now add ground venison, salt and pepper. Brown mixture. Then add tomatoes and tomato sauce. Add hot chili beans and hot powder. Cook another half hour.

Venison Chili resembles a thick chowder and, according to Lois, the bacon flavor plus chili powder dignifies this "wild" meat taste. Lois serves it with crackers and a salad, followed by brownies for dessert. As is usual with such a dish, the taste better the second day.

Page 5

John Hutchison's successful hunting trip provided this handsome deer head for the family room and venison for Mrs. Hutchison's freezer. (Photo by John Kretschmer)

A meatloaf to make on a rainy day needs but a few staples from the pantry shelf to turn it into an out-of-the-ordinary dish. As an accompaniment, try Tangy Fruit Salad, as equals any potato salad to serve.

## Rainy Day Meatloaf

Over the years poets have been inspired to write charming couplets about spring showers. For housebound homemakers, though, the rain often proves the inspiration for another kind of poetry, that of culinary treats made with ingredients on hand.

And it's amazing how many interesting meals can be devised with just a few staples from the pantry shelf and some meat from the freezer. To illustrate, The R.T. French Company's Test Kitchen created this Rainy Day Meatloaf.

Everyday ingredients are used to make this out-of-the-ordinary dish—ground beef, rice, tomato sauce, and egg. The meat is basted with a soybean mix, and the filling is made with a rice filling in Tangy Fruit Salad.

**RAINY DAY MEATLOAF**  
1 can (8 ounce) tomato sauce  
1 envelope French's Seasoning Mix for Stewy Jo  
1 tablespoon salad oil  
1½ pounds ground beef  
½ cup chopped onion  
2 eggs  
½ cup cooked rice  
½ cup shredded Cheddar cheese

Combine ½ cup of the tomato sauce, 1 tablespoon seasoning mix, salt from the envelope and salad oil in small saucepan; heat gently. Combine ground beef, onion, one soybean mix and remaining tomato sauce and remaining seasoning mix. Spread half

ground 5-inch loaf pan. Combine rice, cheese and one slightly beaten egg; spread over meat. Top with remaining meat. Bake at 350 degrees for one hour. Heat reserved tomato sauce; serve over baked meatloaf. Serves 6.

**TANGY FRUIT SALAD**  
1 package (10 ounce) lemon flavored gelatin  
1 cup boiling water  
1 can (11 ounce) fruit cocktail  
½ cup mayonnaise  
2 tablespoons French's Prepared Yellow Mustard

Combine gelatin with boiling water in mixing bowl; stir to dissolve. Drain fruit cocktail, retaining ½ cup juice. Stir juice into gelatin. Chill partially set. Mix with mayonnaise and mustard and fruit. Fold into gelatin. Turn into 8 cup mold; chill until set. Serves 6.

## Day at HOME

Marilyn Hefler - Women's Editor

Thursday, May 1, 1969

Mr. L. R. Thorpe of Arlington Heights (left) was one of 60 other owners attending a class presented by Joas Oster (Oppa Hauscholtz) to learn how to use their blenders more efficiently.

**Blender Owners Learn How**

By Marilyn Hefler

Most consumers don't read instructions. Using this as their premise the Joas Oster Mfg. Co. arranges for their home economists to demonstrate just what can be done with the new Blender that has been just sitting on the shelf.

Last week 60 men and women attended a class at Wedel's in Roundtop to learn how to use their new appliance. "I haven't really used it through my recipe book," confessed one housewife, "judging from the questions asked neither had many of the other people in the audience."

Two home economists demonstrated why the "big and tough" technique is the most efficient way of using the blender. Two seconds on, and then two seconds off produced wet bread crumbs that did not clump.

**Here's How to Ripen Avocados**

Avocados must be used when fully ripe. To test for ripeness, merely hold the avocado in the palm of your hand. If it "yields" or feels soft to gentle pressure, like a peach, it is ready to eat.

Firm avocados will ripen at room temperature several days. To hasten the ripening process, merely put the avocado in a brown paper bag or wrap them in plastic or foil. This accelerates the ripening process by confining and concentrating the gases that the fruit exhales.

Keep several avocados in a fruit bowl on the table and you'll always have a ripe one (except for eating, store avocados in the refrigerator. They'll keep perfectly ready for use for several days.

## Eiler Troop To Entertain

Entertaining activities in which the Delores Eiler Entertainers will participate were announced recently at a board meeting of the Delores Eiler Mothers' Club. These will include the Lombard Fall Festival, May 18; the Arlington Heights Memorial Day Parade, the Elk Grove Peony parade, June 22; and the Palatine Fourth of July parade.

At the end of June they will be participating in the dancing society's annual show to be held at St. Victor's High School.

## Guild Banquet

The Women's Guild of Prospect Heights Community Church will host a mother-daughter banquet Friday, May 9, 9:30 p.m. at the church, 460 N. Elm Street, Prospect Heights.

Mrs. Wm. F. Fisher and Mrs. Robert Lusburg are in charge of banquet arrangements. All sons and daughters are invited.

## New Arrivals

Days in Paul Booth, 6 pounds 8 ounces, was born April 22 in Skokie Valley Community Hospital to Mr. and Mrs. Larry Booth, Arlington Heights.

His grandparents are Mrs. Elma Byrd, Wilmette, and Mr. and Mrs. Lester Booth, Great Grandmother, Mrs. Clara Williamson, also live in Princeton.

Wellborn Katharine, 6 pounds, was born April 11 in Lutheran General Hospital to Mr. and Mrs. William Templeman, Arlington Heights.

# Program A Career In Computers

The growing and increasingly complex nature of computers is expected to bring about continued rapid rise in the use of electronic data processing equipment throughout the 1970s.

Although the size of the staff required to operate a computer installation may be reduced somewhat as new types of equipment are developed, the total number of computer and auxiliary equipment operators is nevertheless expected to increase very rapidly.

Thousands of operators will be needed to fill new jobs, both in firms with their own computer installations and in service centers which rent computer time to businesses.

AS IN the past, employers will fill some positions by training people already in their employ, but many others will be filled by hiring outsiders. Equipment changes which are expected in computers may also produce changes in job requirements for console and auxiliary equipment operators. Because of advances in technology, much of the equipment in use today is far less complex to operate than the first computers of the early 1950s; and future changes will bring further simplification.

As a consequence, newcomers to the field may find it easier than have applicants in the past to qualify for the openings available, but competition for those jobs that become correspondingly greater.

WHEN installing electronic computers, employers often fill as many of their new operator positions as possible by transferring employees from other types of jobs, frequently from jobs as operators of the tabulating and bookkeeping machines which may no longer be needed after the computer is installed.

In hiring outsiders, private employers usually require at least high school graduation. For positions as console operator, some college training may be required.

ing may be preferred. In the federal government, applicants for console operator jobs must be high school graduates, unless they had specialized training or previous experience in some related job.

Console operators employed by the government are generally required to have a college education or its equivalent in work experience; or they may be able to qualify for appointment on the basis of previous experience in computer work and general aptitude for it, as demonstrated by special tests. BEGINNERS hired for work of this kind, or transferred to it from other positions in their firms, are seldom expected to have had specific training as operators. Most must therefore provide the necessary training after the worker is hired. The training of auxiliary equipment operators may require a few weeks, that of console operators usually several months.

Console operators usually attend classes where they learn how to mount tapes and operate the console and become sufficiently familiar with the equipment they are using to be able to trace the reasons for malfunctions.

This training is supplemented by further instruction on the job.

AS THEY gain experience, operating personnel may be assigned to operate more complex pieces of equipment. Eventually they may be promoted to supervisory positions or jobs which combine some supervisory duties with console operation.

Console operators' long experience, an understanding of programming, which with additional training, may enable them to qualify for work as programmers.

Information about the salaries of computer operating personnel in over 2,000 companies throughout the country is available from a survey conducted in 1966.

THE AVERAGE salary for beginning console operators was \$10.1 a week. Experienced console operators averaged up to \$180 a week.

The salaries of auxiliary equipment operators averaged \$127 and tape librarians averaged \$118 a month.

The difference between the lowest and highest paid employees in each of the job classifications surveyed was much greater than

these figures suggest, however. For example, the highest salary reported for a skilled console operator was \$267 a week—about three times the lowest salary reported for a comparable job.

**SALARIES of computer**

personnel in the federal government are roughly comparable with those in private industry. In early 1967, beginning console operators started at about \$103 a week (\$5,137 a year) and auxiliary equipment operators at about \$82 a

week (\$4,269 a year). The maximum salary paid to experienced console operators in the federal government was about \$193 a week (\$10,045 a year); a few in supervisory positions may earn up to about \$276 a week (\$14,338 a year), usually after several years of experience.

Skilled auxiliary equipment operators earned up to about \$113 a week (\$5,915 a year) after several years of experience. **FUR MORE information,**

John A. Hunt is the author of the "and hereby hangs the tale," series of twelve books. The 1957 volume is an anthology of materials "Great People, Making a Great Country" taken from this series. In addition, he has worked in previous on a Social Studies textbook for teachers to be published by Scott, Foresman & Co. and a new series to be entitled, "...and so the story goes..."

### A Heroic Woman Confirms Her Belief In the Future Of "One Nation, Indivisible..."

By John A. Hunt

For almost two hundred years the great strength of America has been her unity. And today — over a hundred and seventy six million strong — her people are united as never before in the common cause. Men and women alike are working together to keep building the hard-won prestige and leadership this country has inherited. It is teamwork

that is found in its armed services... in government... and in the strongest backbone of the nation... the American home. But this teamwork was not always there!

In the story of one American woman who saw the birth of the Union and then later saw disharmony threaten this unity. But she firmly believed in the future day when America would again find herself "one nation, indivisible."

Even in the face of racial strife, this woman had the courage to stand by her beliefs.

In the bitter days of the 1860s came our nation's trial by fire. Boys in blue and boys in gray faced each other across the cornfields of Virginia. Fathers took up arms against their sons; brothers against brothers. Mothers and even were torn

between loyalty to husbands or to sons.

During these dark days, there lived in Frederick, Maryland, a quiet, white-haired old lady. Alone in a red brick cottage, she lived with her knitting and her Civil War. She was 94 years old. And, in all the while, no one could have guessed that for the future, outspoke loyalty to the Union.

She, who remembered as a girl the first day of American independence, had supreme faith in the Union must survive... the Union must survive.

But staunch loyalty was not the wisest thing to maintain in the border state of Maryland! Soldiers of both armies fought skirmishes and dusk in the narrow streets. Yet day after day, the stars and stripes flew over the aged widow's home.

ON the morning of Sept. 6, 1862, her small grandson skipped up the porch steps. Bubbling over, she couldn't wait with the news she'd just heard in the market square. The troops would pass through Frederick that day!

As she called out the news, the sound of distant drums and marching feet drifted in through the open window. To this loyal lady, "troops" could mean only one army.

Catching up a silk flag and leaning heavily on her cane, she made her way out onto the porch. As the soldiers filed by, she waved aloft the treasured flag. Instantly, a murmur arose from the men.

Their captain stepped in his horse and called out over the white picket fence, "You'd better take that flag into the house, pronto!"

THEN for the first time, the old woman saw that the men were uniforms of gray. They were Southern troops. Definitely, she shook her head, and in a shrill voice she cried, "I'll not take it in, sir! It is your country's flag!"

Angry shouts answered her. Another officer stepped her, "If you don't stop waving that flag, lady, you'll have it shot out of your hand!"

Some of the soldiers raised their rifles but another officer, a captain, wheeled his horse and shouted in a ringing voice, "If you have one hair on her head, I'll shoot you like a dog! March on!"

THE GALLANTRY of their leader calmed the men. Shouldering their rifles, they marched forward. They left the old woman still standing on the porch... still waving aloft the brilliant colors of the Stars and Stripes!

"...and to the story goes," of Barbara Frichie. Three months later, she died. She was buried beside her husband, John, in the little graveyard of the Reformed Church in Frederick, Maryland. Across the town was the monument marking the grave of the author of "The Star Spangled Banner."

And in that century, Old Mary — the flag of a united nation — floated out proudly — bravely.

The Union whose birth Barbara Frichie saw is still welded together as one nation. It has become a great nation whose strength and unity of purpose Barbara Frichie knew in her heart when she waved aloft the Stars and Stripes of "Old Glory." She had the courage to stand by her beliefs and say, "It is your country's flag!"

# Lt. Gov. Law Day Speaker

Illinois Lt. Gov. Paul Simon, newspaper columnist and author, will be the featured speaker for the Law Day assembly Friday, May 2, at 9:30 a.m. at Elk Grove high school.

During legislative sessions, Simon wrote a column for more than 300 Illinois newspapers. His books include "Lincoln's Preparation for Greatness," "Lonely, Mary to Freedom," and "Frontiers: Catholic Marriages Can Succeed," which he co-authored with his wife, Jeanne, a former state representative.

SIMON, a Democrat, was elected lieutenant governor in 1968, becoming the first Illinois lieutenant governor to serve with a governor of a different political affiliation.

Law Day USA was observed throughout the nation today emphasizing the theme "Justice and Equity Depend Upon Law and Order."

Over 50 Illinois bar associations commemorated the event by sponsoring mock trials, school assembly programs, courthouse tours, essay contests and church programs.

## Hamilton Joins WMAQ

James C. Hamilton, 1837 Pine, Des Plaines, has been appointed to the announcing staff of station WMAQ-TV and radio, Chicago.

Hamilton joins the NBC-owned station from radio station WJJD, Chicago, where he has been a newscaster and production manager for the past year. Hamilton was with radio station WBBH, Chicago, for three years before joining WJJD. He also served as production manager at WBBH in addition to his regular duties as a newscaster and staff announcer.

BEFORE turning to broadcasting, Hamilton was active in professional theater for five years. He was instrumental in setting up the first resident stock company in Toledo.

A native of Oak City, Ind., Hamilton was raised on the west coast and is a graduate of Alameda, Calif., High School. He attended Stanford University and received his B.A. degree from the University of Toledo, where he majored in radio-television. He and his wife have four children.

## Honor Nesset

The first research fellowship has been established at Lutheran General Hospital, Park Ridge. It has been set up by the hospital's Service League and is designated as the "Neset Research Fellowship in Palliative Care."

The fellowship honors Dr. Neset who served as president of the board of trustees of Lutheran General Hospital from 1956 to 1966. It was under his leadership that Lutheran General Hospital was built.

THE FELLOWSHIP will enable a graduate student in theology to engage in research at Lutheran General Hospital in the areas of chaplaincy, counseling and clinical pastoral education.

The fellowship was announced at the tenth anniversary luncheon of the Lutheran General Service League at the Marriott Motor Hotel.

The Service League was founded in the spring of 1959 with 225 members. Today he grows to a membership of more than 800 women providing 100,000 hours of volunteer service to the hospital each year.

## Sandwich Supper

Here's a tasty suggestion for a quick and filling soup and sandwich supper. Miss deVilled has chosen pickled and crumbled American blue cheese together lightly. Moisten with salad dressing. Spread generously on lightly bread slices and toast under broiler until bubbly.

# Harper Board To Hear Of Building Progress

By Ruth Schulman

Robert Fridtman, architect, and Mario Egli, controller, company president, will report on the "Progress of the College's Building Program" at a special Harper Board meeting tomorrow night in Palatine.

"Whether the buildings are finished on time or not, school will open on schedule on the 15th of September," Dr. Robert Labi, college president, said yesterday.

Construction on the six building, complexes which will cost fourteen and a half million dollars was started in October, 1967.

"WE HAVE been advised that the College Center, Art and Architecture, and Learning Resources buildings as well as the Power Plant and Central Receiving building are on time," said Dr. Labi.

However, he added that the East section of the Science Complex and the Lecture Demonstration Center have been running behind schedule in construction for some time.

Fridtman who is a Chicago architect, and Egli of Cortina Construction Co., Des Plaines, will bring "last" news to trustees who are eagerly awaiting the report.

THE NEW construction encompassed phase one of the school's building program. "We like to think there will be only three phases," Dr. Labi said, "but since we depend on state money for building costs, we may find ourselves in a continuous price meat building program."

Dr. Labi is looking forward to the future when a projected 20,000 students may attend the school. The Palatine campus property contains 225 acres, bordering on Algonquin and Route 66.

IN THE EVENT that there are unforeseen delays in the building program, the school is protected by a \$500 performance bond.

Fridtman has announced that he is leaving Fridtman, Fish and Partners, the firm

## Compost Bin

Now is the time to use grass cuttings and other organic wastes to build valuable compost, nature's own fertilizer.

Build a simple compost bin by heaping a panel of Masonite 1/2 inch Tempered Plywood or Weathered into a big D, with the straight side being a garage or other building. Ende of the 4 x 8 feet sheet should be fitted with 1 by 2 inch lumber.

Place drilled at the bottom, center and top should be strong with rope and knotted on the outside curves of the D to keep the bin in its curved position.

in charge of the Harper complex, to establish his own architectural practice.

"Because I have been so closely identified with the Harper building program, I will continue with this job to make certain it is finished on time," Fridtman said today when contacted by a Day reporter.

HE CONCURRED with Dr. Labi that the school would open on time even if some parts of the building program remain unfinished by September.

## Anti-Air Pollution Muffler For Cars Developed by UOP

"Catalytic mufflers" developed by Universal Oil Products Co. of Des Plaines, Ill., were called the long-range answer to the problem of air pollution from motor exhaust fumes Tuesday.

Their operation was described by Vladimir Haensel, vice president and director of research for UOP, at a conference on air and water pollution control, sponsored by the Council of Governments of Cook County.

Haensel was one of the 14 speakers at the conference in Chicago.

He pointed out that the auto industry is under pressure for better engine performance and reduced pollution from exhaust fumes. He said the catalytic muffler

cuts down the emission of exhaust gases to low levels without hurting the car's performance, Haensel said.

The UOP devices work with the leaded and clear gasoline, he pointed out, and with clear gas and clear gasoline. He said the devices are expected to last for 100,000 miles.

"We're predicting that eventually lead will no longer be used and the petroleum industry can produce such a fuel at an extra cost of less than 1 cent per gallon," he said.

"The public will pay somewhat more but get a better return from the use of a substantial saving in reduction of pollutants."

Earlier last year, UOP developed a catalytic muffler for diesel engines which is finding wide acceptance in the trucking industry.

Research on both mufflers was conducted at the UOP research center at Alsopville and Mount Prospect, Ill.

Haensel also announced the purchase of an electric power plant which the women are giving to the Elk Grove Regular Republicans Club Headquarters.

The women are giving to the Elk Grove Regular Republicans Club Headquarters, among them, General Hospital, Park Ridge. The initiative began Monday and will be held the following Tuesday evening.

Haensel said he is a physician, a psychiatrist, a financial adviser and a member of the UOP research center at Alsopville and Mount Prospect, Ill.

Additional information may be obtained from area clerks or from the general office of the hospital. A \$10 per couple for cover the cost of books and instructional materials.

## Women Voters Ponder Name Change

Members of the League of Women Voters (LWV) tonight (Thursday, May 1) will pick a new name symbolic of the nonpartisan group's new area focus.

They also will decide whether to launch a new local government study that could lead to the League supporting or opposing election of village trustees by district rather than at-large.

The 6:30 p.m. annual meeting will take place in Old Orchard Country Club.

ed to the League of Women Voters of Arlington Heights and Mount Prospect since the group can now study and take action on local governmental issues in both towns.

The change will give formal notice of a new area emphasis for the LWV, which has carried the name of the Arlington Heights League of Women since its organization 12 years ago although its members come from throughout the northwest suburbs.

How village trustees should

be elected will be part of a broader study of local government representation that could also include the LWV board task a study of the effectiveness of Caucus endorsement of candidates as a way to encourage greater citizen participation in the election process.

LWV MEMBERS also will be asked to endorse a local fair housing plank that authorizes support for stronger open housing

ordinances in Arlington Heights and Mount Prospect. The League board did not recommend adoption of another suggestion, local government study, on library organization and service, but the grassroots LWV membership could override that decision tonight.

The study was proposed by LWV members from Mount Prospect, where the library board and village trustees have been at odds over budget questions.

MRS. WILLIAM Trevor of Rolling Meadows will complete a two-year term and turn over the LWV gavel to a new president tonight.

Nominate for the position is Mrs. Doreen Aisley of Wheeling.

Attending the LWV annual meeting will be members from eight northwest suburban communities, among them Arlington Heights, Mount Prospect, Prospect Heights, Rolling Meadows, and Oak Park.

ILLINOIS JUNIOR MISS, Pamela Weir of Arlington Heights, was an honored guest at a special program in Washington prior to the national Miss Junior Miss Pageant. Miss Weir, daughter of Mr. and Mrs. William F. Weir, 304 N. Drury, has also won a National Merit Scholarship, and herewith Missa Bell, director of Chevrolet's Junior Miss program. Miss Weir went from Washington to Mobile, Ala., to begin competition in the pageant. Finals of the competition will be shown May 6 on NBC television from 8:30 to 9:30 p.m., Central Daylight Time.

# Wildcats Trip Falcon Tracksters, 64-54

By Pat Price

The Wheeling Wildcat tracksters overcame a stubborn Forest View entry yesterday at the handball of a Falcon 64-54 line.

## FV Trackmen Bow to Pirates

Forest View lost a track meet at Palatine Tuesday 80-42. The Falcon track-south team won 70-55.

Rich Wegman was the only double winner for the Falcons. He heaved the shot 45 feet, two inches and threw the discus 177 feet, seven inches for his two wins.

The only other individual winners were Mike Keen with a jump of five feet, six inches in the high jump.

Second place winners included Dave Long in the high hurdles with 16.1. Bob Bell in the 100-yard run with 20.6, and Mark Evans with 21.1 in the 100-yard dash.

Mock was second in the long jump with 17 feet, one inch and Rick Miller finished second in the high jump with 45 feet, six inches.

Ennes had two thirds one in the high hurdles and the other in the 220-yard dash. The other three place winners were Keen in the 100-yard dash, Tom Vaughn in the half, and Don Klad in the shot.

### MEET RESULTS

**100M LER:** 1. Vik, P. 19.3; 2. Dwyer, P. 19.1; 3. Kamp, P. 19.3; 4. Hurdles, 1. Kottler, P. 15.9; 2. Long, 1.3; 3. Ennes, P. 16.3.

Michelle was the only double winner for the visitors in the shot and the high jump. Michelle's marks of 19 feet, 6 inches and 5 feet, 10 inches respectively are both first performances.

### MET RESULTS

**100M LER:** 1. Michelle, W. 10.5; 2. Dwyer, W. 11.1; 3. Stavel, W. 12.7.

**100-YARD DASH:** 1. Shanon, FV, 10.0; 2. Doherty, W. 10.1; 3. Keen, FV, 10.2.

**220-YARD DASH:** 1. Ennes, FV, 24.8; 2. Gorman, FV, 25.0; 3. Antkowiak, FV, 25.5.

**400-YARD DASH:** 1. Keen, FV, 52.1; 2. Hildebrand, W. 52.2; 3. Hildebrand, W. 52.3.

**800-YARD DASH:** 1. Vaughn, FV, 2:06.2; 2. Somers, W. 2:06.1; 3. Douglas, FV, 2:24.5.

**1.5 MILE RUN:** 1. Savage, W. 10:11.1; 2. Savage, W. 10:11.2; 3. Hildebrand, W. 10:11.3.

**3 MILE RUN:** 1. Forst, W. 33:37.2; 2. Whelton, J. 33:37.3; 3. Long Jump, 1. Mitchell, W. 18 feet, 6 inches; 2. Ennes, FV, 24.5; 3. Mitchell, W. 18 feet, 6 inches.

**POLE VAULT:** 1. Hamer, FV, 12 feet, 6 inches; 2. Hamer, FV, 12 feet, 6 inches; 3. Hamer, FV, 12 feet, 6 inches.

**DISCUS:** 1. Wadman, FV, 177 feet, 7 inches; 2. Schmitt, P. 177 feet, 7 inches; 3. Farnell, P. 177 feet, 7 inches.

**SHOT PUT:** 1. Wadman, FV, 42 feet, 6 inches; 2. Wadman, FV, 42 feet, 6 inches; 3. Wadman, FV, 42 feet, 6 inches.

Fred Scheller won the shot and the high jump. Scheller's marks of 19 feet, 6 inches and 5 feet, 10 inches respectively are both first performances.

**100-YARD DASH:** 1. Shanon, FV, 10.0; 2. Doherty, W. 10.1; 3. Keen, FV, 10.2.

**220-YARD DASH:** 1. Ennes, FV, 24.8; 2. Gorman, FV, 25.0; 3. Antkowiak, FV, 25.5.

**400-YARD DASH:** 1. Keen, FV, 52.1; 2. Hildebrand, W. 52.2; 3. Hildebrand, W. 52.3.

**800-YARD DASH:** 1. Vaughn, FV, 2:06.2; 2. Somers, W. 2:06.1; 3. Douglas, FV, 2:24.5.

**1.5 MILE RUN:** 1. Savage, W. 10:11.1; 2. Savage, W. 10:11.2; 3. Hildebrand, W. 10:11.3.

**3 MILE RUN:** 1. Forst, W. 33:37.2; 2. Whelton, J. 33:37.3; 3. Long Jump, 1. Mitchell, W. 18 feet, 6 inches; 2. Ennes, FV, 24.5; 3. Mitchell, W. 18 feet, 6 inches.

**POLE VAULT:** 1. Hamer, FV, 12 feet, 6 inches; 2. Hamer, FV, 12 feet, 6 inches; 3. Hamer, FV, 12 feet, 6 inches.

**DISCUS:** 1. Wadman, FV, 177 feet, 7 inches; 2. Schmitt, P. 177 feet, 7 inches; 3. Farnell, P. 177 feet, 7 inches.

**SHOT PUT:** 1. Wadman, FV, 42 feet, 6 inches; 2. Wadman, FV, 42 feet, 6 inches; 3. Wadman, FV, 42 feet, 6 inches.

In 5:44.8. Hildebrand ran the mile solo for conditioning as he, like Stavel, is recovering from a leg injury. He ran second to teammate Paul Royer in the 440 as Royer clocked a time 5:21.

Kevin Barthele was the other winner for the Falcons in the shot and the high jump. Barthele's marks of 19 feet, 6 inches and 5 feet, 10 inches respectively are both first performances.

**100-YARD DASH:** 1. Shanon, FV, 10.0; 2. Doherty, W. 10.1; 3. Keen, FV, 10.2.

**220-YARD DASH:** 1. Ennes, FV, 24.8; 2. Gorman, FV, 25.0; 3. Antkowiak, FV, 25.5.

**400-YARD DASH:** 1. Keen, FV, 52.1; 2. Hildebrand, W. 52.2; 3. Hildebrand, W. 52.3.

**800-YARD DASH:** 1. Vaughn, FV, 2:06.2; 2. Somers, W. 2:06.1; 3. Douglas, FV, 2:24.5.

**1.5 MILE RUN:** 1. Savage, W. 10:11.1; 2. Savage, W. 10:11.2; 3. Hildebrand, W. 10:11.3.

**3 MILE RUN:** 1. Forst, W. 33:37.2; 2. Whelton, J. 33:37.3; 3. Long Jump, 1. Mitchell, W. 18 feet, 6 inches; 2. Ennes, FV, 24.5; 3. Mitchell, W. 18 feet, 6 inches.

**POLE VAULT:** 1. Hamer, FV, 12 feet, 6 inches; 2. Hamer, FV, 12 feet, 6 inches; 3. Hamer, FV, 12 feet, 6 inches.

**DISCUS:** 1. Wadman, FV, 177 feet, 7 inches; 2. Schmitt, P. 177 feet, 7 inches; 3. Farnell, P. 177 feet, 7 inches.

**SHOT PUT:** 1. Wadman, FV, 42 feet, 6 inches; 2. Wadman, FV, 42 feet, 6 inches; 3. Wadman, FV, 42 feet, 6 inches.

Engle and Mike Weaver both won the shot and the high jump. Engle's marks of 19 feet, 6 inches and 5 feet, 10 inches respectively are both first performances.

**100-YARD DASH:** 1. Shanon, FV, 10.0; 2. Doherty, W. 10.1; 3. Keen, FV, 10.2.

**220-YARD DASH:** 1. Ennes, FV, 24.8; 2. Gorman, FV, 25.0; 3. Antkowiak, FV, 25.5.

**400-YARD DASH:** 1. Keen, FV, 52.1; 2. Hildebrand, W. 52.2; 3. Hildebrand, W. 52.3.

**800-YARD DASH:** 1. Vaughn, FV, 2:06.2; 2. Somers, W. 2:06.1; 3. Douglas, FV, 2:24.5.

**1.5 MILE RUN:** 1. Savage, W. 10:11.1; 2. Savage, W. 10:11.2; 3. Hildebrand, W. 10:11.3.

**3 MILE RUN:** 1. Forst, W. 33:37.2; 2. Whelton, J. 33:37.3; 3. Long Jump, 1. Mitchell, W. 18 feet, 6 inches; 2. Ennes, FV, 24.5; 3. Mitchell, W. 18 feet, 6 inches.

**POLE VAULT:** 1. Hamer, FV, 12 feet, 6 inches; 2. Hamer, FV, 12 feet, 6 inches; 3. Hamer, FV, 12 feet, 6 inches.

**DISCUS:** 1. Wadman, FV, 177 feet, 7 inches; 2. Schmitt, P. 177 feet, 7 inches; 3. Farnell, P. 177 feet, 7 inches.

**SHOT PUT:** 1. Wadman, FV, 42 feet, 6 inches; 2. Wadman, FV, 42 feet, 6 inches; 3. Wadman, FV, 42 feet, 6 inches.

Engle and Mike Weaver both won the shot and the high jump. Engle's marks of 19 feet, 6 inches and 5 feet, 10 inches respectively are both first performances.

**100-YARD DASH:** 1. Shanon, FV, 10.0; 2. Doherty, W. 10.1; 3. Keen, FV, 10.2.

## Harper Tennis Squad Topples Thornton Club

Harper College's tennis squad maintained its unbeaten status Friday afternoon with a 2-1 win over Thornton College of Harvey.

The victory was the fourth in a row for the Hawks as they continued their bid for at least a share of the conference net win.

Former Arlington High net ace Bill Von Bookman and teammate Doug Mueller provided most of the power as both won their first and second singles matches, while only giving up one game.

Engle and Mike Weaver both won the shot and the high jump. Engle's marks of 19 feet, 6 inches and 5 feet, 10 inches respectively are both first performances.

**100-YARD DASH:** 1. Shanon, FV, 10.0; 2. Doherty, W. 10.1; 3. Keen, FV, 10.2.

## Hawks Hit High

Harper College's track squad finished in second place in a triangular meet for the second time in a row at the Hawks' run over their highest point total of the year.

The Hawks next contest will be Tuesday night in Chicago. Four of the Hawks met were cancelled because of weather conditions and officials make-up dates have been set.

On the track, the only Hawks to place in the first three were Don Duffly and Paul Wadman. Duffly won the 100-yard run with a 2:11 time while another distinct mark, Mike Edward took the two mile event in 12:12. The other first place was picked up by Sam Ryan in the 1200-yard high hurdles, with a 16:1 clocking.

# Four Perfect Innings, Two Doubles Pace Knights

By Linda Hamilton  
Sports Editor

Junior hurler Warner Schals pitched the best game

of his young baseball career as a member of the Prospect High School varsity yesterday, and it may be a game he remembers for a long time

Schals and the Knights knocked out Glenhurst 3-0, for their first win since last Wednesday. Schals entered the twilight

as he tossed four perfect innings to the Panthers before giving up a bloop single in the fifth. He was hit by a safety on a grounder that bounced off third baseman Jeff

Sue's foot as he made a backhand stab at the ball. SCHALS PITCHED 16 innings of perfect relief in his last two outings, striking out four of the six men he faced in the past week.

Prospect got some help from left fielder Mike Neidemann, catcher Jim Carroll and shortstop Dave Lutz. Neidemann, who has played in only three games since being injured in the first game of the season, got two hits for the second day in a

row for Glenhurst, and it took Steve Grant's fly ball to right to get the Panthers' first hit for Prospect. The Knights, however, scored two runs in the third and five more in the fourth, and won the game 7-0.

Prospect's big inning was also the fifth when Lutz and Neidemann combined to score. Lutz got a hit in the fifth, and Neidemann scored on a sacrifice fly. Lutz also scored on a sacrifice fly in the sixth, and Neidemann scored on a sacrifice fly in the seventh.

### Cats 2d, Huskies 4th At New Trier Net Meet

The Wheaton Wildcats' net team took second place at a quadrangular held at New Trier West Saturday. In the same quadrangular, the Hervey Huskies finished fourth.

The table of points for the meet, which was won by the host team, was 1, New Trier West, 13 pts.; 2, Wheaton, 7 pts.; 3, Maine East, 6 pts.; 4, Hervey, 4 pts.

Several members of both Hervey and Wheaton net teams were playing Saturday because of injuries heard to have been administered.

At number one singles, Hervey's Rick Lister defeated Wheaton's Bob Carlson, 6-2, 6-7, 7-6. Lister took the consolation match, 1-6, 6-4. Lister dropped the championship match to the New Trier West representative, 2-6, 3-4.

Number two singles action was no better for area teams. The Huskies' Rick Lister dropped his semi-final match, 0-6, 0-6. Steve Magner of Wheaton won his first match, 1-6, 6-1, but was beaten by New Trier's 6-1, 6-1. Lister was awarded in the consolation pairing, 0-6, 2-6.

Number three singles produced the only extra change. Wheaton's Bob Linsky defeated New Trier's man 6-1, 6-1. In the semi-final, Linsky won the championship, 6-1, 6-1. Linsky won both his matches, 6-0, 1-6 and 1-6.

Playing a number one doubles team of Ron Fiedler and Mike Menz topped the Huskies' pair of Tom Ruprecht and Steve Ostrom. 3-6, 6-4, 6-1. In the semi-final, Fiedler and Menz were beaten, 0-6, 3-6 for the championship. Ruprecht and Ostrom took third place when they won the consolation match, 6-0, 6-5.

Number two doubles combination was also very difficult.

### RM Baseball Opens Season

This Sunday marks the beginning of Rolling Meadows Boys Baseball's 16th year.

Traditional capped day festivities began at the south diamond, located behind the park district office and the garage on Central Road.

Activities will begin at 1 sharp in order to clear the playing field for the first game of the year scheduled at 2:30.

Paddy Mann, local singer and entertainer, will sing the National Anthem. There will be an invocation by Rev. William Hermon of the Rolling Meadows Community Church, a speech by Mayor Roland Meyer and the dedication of the team and their managers and coaches. Official team photographs will be taken.

### Chamber Preparing 2 Outings

The Arlington Heights Chamber of Commerce is preparing for its annual events. Executive Manager Harold Bell said yesterday.

The chamber sent out letters requesting tickets for both White Sox and Chicago Cubs games this summer.

Bell said between 40 and 45 tickets for the July 9 White Sox evening game against the Oakland Athletics and tickets for the afternoon Aug. 27 Chicago Cubs game against the Cincinnati Reds have been requested.

Bell said the annual outing is open only to chamber members but their guests or families. The chamber usually has a golf tournament.

Four country clubs of the area have pledged support to the ninth annual Children's Memorial Hospital Pro-Amateur golf tournament. The fund-raiser will be held at 10 a.m. in Lake Forest with indications others will follow.

Oswestry, Glenview, Shoreline and Glen Forest will hold a prior tournament of their own, qualifying for the Free Care Fund, which requires \$1.7 million per year to finance.

# Spring Tune-Up Provides Mower Power

Tall, uncut grass and that first warm day will contribute to make you think you can just roll your old power mower out of the garage and go to work.

You can if you serviced it thoroughly last fall. But if you are like most of us, you probably parked it in a corner, maybe threw a cover of sorts over it and let it go that way.

Before you do anything, check over your owner's manual carefully. This will give you the proper maintenance procedure for your particular mower.

Next, no matter what you are about to do, disconnect the spark plug wire on the engine. Just yank it off the end of the plug and there will be no danger of accidental starting.

**CLEAN YOUR MOWER** before you do anything else. A wire brush will free most dead-up clippings and dirt. Apply kerosene with an old paint brush to get the mower really clean. Work in a well-ventilated area.

You should have drained the gas and oil from your mower last year. If you didn't,

do it now. Don't try to start cutting until you do.

Next, fill with fresh oil immediately. After you have drained the tank of old fuel, wash out the tank and sediment with a small amount of fresh gasoline. If you've had gas stored in a can all winter this, too, may have some rust in it. It's best to buy fresh fuel.

Instead of just draining out the old fuel, be careful to first adding enough oil to get it up to the normal level. Then run the engine until it warms up. While the oil is

hot, drain and most of the sludge will come out with it. Then fill with fresh oil.

**AIR FILTERS** need cleaning at least once a season. Start clean. Check the manual for the recommended material. Most are rinsed in kerosene. Sometimes you can wash them in water and detergent. After the filter is dry add a light coating of oil before replacing.

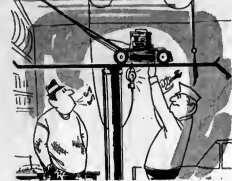

Check the blade for wear, dullness, cracks and rough spots. Most do not need the spark plug disconnected before touching this blade.

Small nicks can be fixed off. You can sand the blade the same way. Damaged blades should be replaced.

While a work plug can be cleaned and reset, it's hardly worth the effort since there is only one. Get a fresh plug to start the season.

Make certain wheel bearings, all moving parts are properly lubricated. Use a light machine oil unless otherwise noted. It is recommended. Set the height you want. Tighten all nuts and bolts before starting.

Now you're ready to cut the grass.

**INVEST YOUR TIME IN REAL ESTATE**

It's a booming business. It's a safe investment. It's a way to build a future for yourself and your family. It's a way to secure your financial future. It's a way to build a better life for yourself and your family.

**REAL ESTATE EDUCATION CORPORATION**

## Lilacs Mean Loveliness

Few plants provide so much for so little attention as lilacs. Spring is the time to plant them.

In addition to heavily fragrant blossoms that are produced in a wide range of colors, lilacs are plants that require almost no special care. Once established, they continue to reproduce themselves by sending up suckers which help to build up large bushy shrubs.

The best type of lilacs is the "ovate cord" plants which are hardy, disease-resistant, highly adaptable both to acid and alkaline soils and not subject to borers and blight, as are French lilacs.

Lilacs will flourish in full or semishade, thrive under most growing conditions and yet

withstand dry spells without suffering. They winter through temperatures as low as 30 degrees below zero.

**SEVERAL** varieties include Glory, a blend that varies from pink to purple-blue and rich twilight shade. Edith Cavell, a surprisingly rich creamy-white. Paul Thirion, a dusty pink. Philomus, a deep purple. Mrs. A. Buchner, a lovely carmine color in the buds and pinkish in the open flower. Ambassador, a silvery-gray-blue to brilliant indigo. Paul Harter, a rosy purple. Bright Versailles, soft pink. And Louis Rabin, a bright rosy-pink.

Lilacs can be massed on the front lawn, back

yard or beside the house, missing or matching screen for dazzling color effects. They can be used to fill in difficult corners, to screen shrub walls such as a side of a garage, or to out-view of neighboring buildings or the street.

Give lilacs room to grow, about four feet each way unless you want a hedge. Dig the holes larger than the root ball. Place the lilac plant in position, add half the soil and a bucket of water. Fill in the remaining soil, leaving a saucer-shaped depression around the plant to catch rain. Mulch until the plant takes hold.

Try a few lilacs this fall for years of color and wonderful fragrance.

## Fixing A Tap Can Be A Snap

There's one sort of repair every homeowner should master, a job that comes up periodically and which is easy enough for anyone to do but expensive to have done professionally.

The periodic repair referred to is the fixing of a leaky faucet. Call the plumber for really difficult jobs. This one you can handle yourself.

Replace washers just as soon as it takes an unusual amount of pressure to close a faucet without leaving it dripping.

**WASHERS** are generally made of hard rubber, neoprene or some other composition material with rubber being the most common.

Purchase a variety of washers unless you know what size you need. Most hardware and variety stores

carry a variety pack which includes the most common sizes plus a couple of extra brass screws.

Once you begin to learn the size each faucet requires make a note of it and buy only those sizes.

Before you take the faucet apart, turn off the water supply. In most cases there will be a shut-off valve on the water line directly behind or below the faucet to be repaired.

If there is none you will have to turn off the main house valve. In this case drain the water from the pipes by opening several faucets.

**MOST** FAUCETS of the type you will repair are compression faucets. Even though they vary in appearance they work pretty much the same.

A simple and typical one

can be taken apart by first loosening the cap nut at its adjustable stem or spindle.

This has the washer on the end which is held in place with a brass screw. Remove the screw and pry out the worn washer.

The washer is installed with the beveled side out if that is the kind that is required) and then the screw should be inserted tightly so that the washer won't get loose and fall into the water line.

**YOUR FAUCET** may look more complicated. Generally, however, it is no different from the one you can make for example.

Protect the chrome with adhesive tape before using a wrench.

Two faucets with a common spot is another style you will run into. Get the chrome housing out of the way and you will find a large nut underneath which holds the spindle in position and also holds the packing in

"Turn off the water first."

**IF THE FAUCET** continues to drip after a new washer has been installed, the brass stem against which the washer closes is worn.

An inexpensive tool is sold at hardware stores for smoothing the seat. It is called a valve seat grinder or dresser. Smooth this against the seat gently though, and it will smooth the seat. Then reassemble the faucet.

### Hardboard Beats Wood On Some Fronts

Still, many aren't aware of its advantages. John Concord, home improvement consultant to Maconite Corp., the manufacturer of hardboard more than 40 years ago, offered some comments on its advantages over other building materials.

First, it has a hard, dominant surface which makes it abrasion and scratch resistant. Its wide use as a supermarket checkout counter surfaces and industrial workbenches attests to its durability.

Unlike wood, hardboard has no grain to rime or check to mar the surface a carpenter or handman might. Also, it has equal strength in all surface directions, so you can tell how it is going to behave. There are no knots or other imperfections. The homogeneous nature of the fibers in man-made hardboard rules out the frequent defects found in natural wood.

Finishing operations, as a result, are easier and longer lasting.

Hardboard has great structural strength, and its surface won't splinter, split or crack. Its wearing qualities, as noted above, are phenomenal.

It has extremely high moisture resistance, making it excellent for exterior siding.

Hardboard can be worked easily. Either with hand or power tools, the Maconite consultant points out. "It may be sawn, filed, drilled, planed or punched. Also, it may be bent into curved shapes for unusual effects in interior and even more ambitious home improvement projects like a divider wall."

The man-made product, developed by William H. Mason, an associate of the Edison, takes all types of applied finishes.

Among the most popular are Rayonite decorative panels, which come in a variety of woodgrains and textures.

Many of the products come factory-printed or completely finished. However, unfinished hardboards are readily available for homeowners who fancy having buildings painted to suit their individual tastes.
